TOGGERY HIRES TEN TAILORS

OWNERS CLAIM RECORD BUSINESS IS DONE.

Franz Wilhelm Returns to Toggery As Boss of Tailoring Shop.

With Franz Wilhelm back at his old table in the Andrews Bros. tailoring establishment and all of the workers of his former shop on the benches, the Toggery now boasts the largest tailoring establishment between Portland and Denver. According to Al Andrews, the combined shops of Pendleton and Baker can not equal his force of workers in numbers, and the city of Boise itself, has not as large a shop.

Last year this shop made in the vicinity of 500 suits of clothes which is an argument that most of the men of this city and valley are well dressed. Besides the local trade, the proprietors say they are attracting many of the traveling men who regularly make La Grande on their rounds and that this source of work keeps half of their force busy.

The old order of things was effected for the purpose of maintaining the reputation of the shop and Wilhelm was made such a flattering proposition that he could not reject.

The shop has been re-arranged and some of the furniture from Wilhelm's former stand has been added to the equipment of the Toggery. Ten men are constantly employed.

The business has been making substantial increases each year and this new arrangement will enable them to take care of an increased trade.

Pimples Source of Great Danger

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

Make Your Blood Pure and Immune With S. S. S.

In thousands of instances the most virulent types of blood troubles have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cure quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at most any drug store in the civilized world.

This preparation stands alone as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodine, arsenic, and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. It contains one ingredient which serves the active purpose of stimulating each tiny cellular part of the tissues to the healthy and judicious selection of its own essential nutriment. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis, and similar diseases resultant from the use of minerals than most people are aware of. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 217 Swift Bldg., Atlanta, Ga. It is mailed free, together with special information, to all who write describing their symptoms.

Get a bottle of S. S. S. to-day, but be careful not to have something palmed off on you falsely claimed to be "just as good."

Saving money is like planting your garden

WHEN you plant money in the bank you expect it to bring you a harvest of profit and pleasure—same as your garden

And like the produce of your garden it grows best with careful attention—till it becomes a harvest—a fortune. Now is "planting time." Think it over
