

MEASLES AT CRICKET FLAT

SPRING DISEASE RAGE AMONG THE YOUNG.

Measles and La Grippe Create Havoc With School Work.

Cricket Flat, Feb. 19.—(Special)—La grippe and measles are still busy. Mrs. Eva Patterson was taken ill last week with measles, which made it necessary for her brother to discontinue his school work.

Nearly all of the pupils of the Cunningham school have at different times during the last three weeks been confined to their homes with tonsillitis and la grippe and last week Miss Newcombe was unable to teach Friday because of a very severe attack of la grippe which kept her confined to the house for several days.

Mrs. McNabe is somewhat better the last few days.

The Skin and Not the Blood.

Until recently it has been a generally accepted theory that eczema was a disease of the blood. Scientists have taught us that eczema is positively a skin disease and curable through the skin alone. SHOCKINGLY IMPOLITE.

No Wonder He Was Snubbed by the Dignified Policeman.

The policemen of Montevideo, Uruguay, are mostly of Indian origin. They are not particularly well dressed, impressive, or intelligent, but they are always courteous and polite, while they are great sticklers for etiquette.

Through ignorance of their customs a foreigner sometimes finds himself in an embarrassing situation.

One day last summer a well dressed American gentleman stepped up to a

"YOU HAVE NO MANNERS, SIR."

policeman in the Plaza Independencia and said in very good Spanish:

"Will you please tell me where the Calle Rincon is?"

The policeman looked haughtily at the stranger and turned away.

The American tried again, with still more courtesy:

"Would you be so extremely kind as to very accommodatingly tell me where the Calle Rincon is?"

To his astonishment the policeman retorted:

"You have no manners, sir!"

Needless to say, the American was quite abashed, but he had to find the Calle Rincon, so he put the question to a Spanish youth who was standing near. The youth answered very cordially and went some little distance to direct the stranger properly. After the American had thanked him he asked:

"Why did the policeman refuse to answer me?"

"Because," replied the youth, "when you addressed him you committed a great breach of etiquette. You neglected to take off your hat and make a bow!"—Youth's Companion.

Temper.

Losing one's temper means losing peace of spirit, losing clearness of thought, losing grasp of the situation and usually losing the respect of bystanders.

Would Follow His Example.

After the battle of Prestonpans a witty Scottish farmer amused himself by writing a ballad upon it, which so stung one of the English officers, who had behaved very badly on the occasion, that he sent the poet a challenge to meet him at H. for mortal combat.

The second found the farmer busy with his hayfork and at once delivered the challenge of the redoubtable hero. The good natured farmer, turning to ward him with the agricultural implement, coolly said:

"Gang awa' back to Mester Smith and tell him I hae nae time to come to H. to gie him satisfaction, but that if he likes to come here I'll tak' a look at him, and if I think I can fecht (fight) him I'll fecht him, and if I think I canna fecht him I'll just do as he did—I'll run away."
