Chimney Sentinel Fuel-Saver (AUTOMATIC)

No matter how hard the wind blows, this device automatically regulates the chimney draft to just the right velocity.

This uniformly correct draft makes any fuel burn steadily, evenly and without waste; it prevents waste. That means a saving of 25% on fuel bills (by actual test), a uniform, comfortable temperature in your home, less time and labor spent in fixing the fire.

It's simple in design, easy to install, lasts a lifetime. Price from \$6.00 up. Get one now. It will mean a big saving of fuel during the windy months of February, March and April.

Ask for book containing reports of scientific tests made by well known heating experts and University engineers.

SOCKEYE FRY SENT TO LAKE

CARLOAD OF FRY TAKEN TO WALLOWA LAKE.

Alaska Eggs, Hatched at Bonneville, Used to Replenish Lake.

Anglers will learn with delight that the state game and fish department car, the "Rainbow," passed through the city today on its way to Wallowa lake, where 177,000 Sockeye and Blue Backs, a specie of the Yank, will be liberated in that body of water. The car was in charge of T. J. Craig of Portland, and Mr. Striker and Geo. Cornie, the engineer in charge of the air distributing department. This specie of fish have threatened to become extinct in Wallowa lake and the state has made special effort to obtain eggs for hatching to replant the lake. The eggs came from Alaska and were hatched in the Bonneville hatchery near Portland.

In speaking of the efforts of the state to replant all of the streams of the state, Mr. Craig said: "It will be interesting for the sportsmen of this section to learn that about May 1 we will be back in your city with several consignments of small fish to stock all of the streams of Union and Wallowa counties. Eastern Brook are now hatching and will be ready for distribution by the date mentioned. Rainbow and Eastern Brook do especially well in this high altitude and a large consignment of eggs from Colorado are hatching and are intended for this region. Last year we distributed about two million fish in Davis Lake and while some of them never reach maturity, the greater portion will in two years measure from ten to fourteen inches in length and will be fine fish.

"Hatching during the winter months is slower than in summer taking from 50 to 60 days while in the warmer portion of the year hatching is complete in 30 to 35 days. Next Monday I will be through with another consignment of small fish for Wallowa lake which will make the total 354,000 for that body of water alone."

Mr. Craig then showed the construction of this special car. On either side of the car parallel with its sides are two air pipes running from an air pumping station in the end of the car.

These pipes are about two inches in diameter. About a foot apart are air cocks leading off through rubber tubes which are inserted into the can and supply the water with the necessary air to keep the fish alive. Before this car was arranged all of this work had to be done by hand and consisted in stirring the water with a dipper.

Mr. Craig spoke of the deputy game warden who had been recently discharged and said that most of them would be reinstated.

Order to Show Cause.

In the County Court of the State of Oregon, for Union County. Sitting in Probate.

In the matter of Floyd McCall, a Minor:

At this time the petition of R. F. McCall, the guardian of Floyd McCall, a minor, praying for an order of this court to sell all the right, title and interest of the said minor in and to lots 6 and 7 of Block 26 in Sterling's Second Addition to Island City, in Union County, Oregon, the said interest being a one-twentieth part thereof, coming on for consideration; and it appearing that the next of kin of said ward and all persons interested in the estate, should have notice of the time and place set for hearing said petition;

IT IS THEREFORE ADJUDGED AND ORDERED, That March 11th, 1914, at 10 o'clock in the forenoon at the County Court room in the City of La Grande, Union County, Oregon, be, and the same is hereby, set as the time and place for consideration of said petition, and the next of kin to said minor and all other interested persons are hereby required to show cause why such petition should not be granted; that this order be published once each week for three consecutive weeks in the La Grande Evening Observer, of La Grande Oregon

Dated February 10, 1914. Date of the first publication, the 13th day of February, 1914.

J. C. HENRY,
Dly.—F. 13-20-27; County Judge.

Best Treatment for Constipation.

"My daughter used Chamberlain's Tablets for constipation with good results and I can recommend them highly," writes Paul B. Babin, Brushy, La. For sale by all dealers.—Adv.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

Don't Plaster Your Walls BISHOPRIC Saves Money —Gives Better Results

Beautiful Walls and Ceilings
—better than old-fashioned "in-and-plaster" at less cost—are insured by the use of Bishopric Wall Board.
Easy to apply
Thousands of home builders, carpenters and contractors are saving time and money by using "Bishopric" for interiors of new houses, for building partitions and finishing up attic or basement rooms.

The Wall Board comes in sheets 4 feet square, ready to nail to studs. No tools, but saw and hammer needed. Goes on dry. No muss. Stays stiff—can't warp. Makes a smooth, sanitary wall, ready for paint, paper, kalsomine or wallpaper as soon as applied. Write for Free Sample.
For New Houses or Remodelling Use
BISHOPRIC WALL BOARD
CAN'T CRACK, BUCKLE, PULL LOOSE
