INDIANS OFF ON FIRST HIKE

SATURDAY WILL INAUGURATE BOYS' PASTIME.

Big Tribe of Indians to Be Led to Mountains Saturday.

Weather conditions permitting, the Y. M. C. A. Indians will take their first weekly hike for this year, next Saturday afternoon. A little over a year ago, under the direction of the Y. M. C. A., a group of 35 or 40 of the younger boys were gathered together for a series of weekly hikes. These boys called themselves Indians and had as their main object, good wholesome out of door exercise, always under the supervision of a Y. M. C. A. man. The building campaign last May, bringing in its victory and added duties to the secretary, made it necessary for this phase of the work to be temporarily disbanded. The Junior board, always on the lookout for ways and means to increase the efficiency of the Y. M. C. A., has thrown one of its best men into the breach, and W. C. Wattenberg will henceforth be the big chief medicine man for the Y. M. C. A. Indians.

All Indians of the old tribe regardless of their present age, will meet in front of the Y. M. C. A. office, Saturday afternoon at 1 o'clock sharp. Secretary Rudd is planning to accompany Mr. Wattenberg on this first expedition. Any boys, nine, ten or eleven years of age, who desire to join this band of Indians, may do so by calling at the Y. M. C. A. office. There is no membership fee.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. When- ever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonder- ful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair. A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abun- dant. Adv.

Hungarian Road to Slimness.

This is a method for reducing that practiced in Hungary: At night just before retiring fill the bathtub with hot water and in this dissolve three pounds of epsom salts. Get into the tub and lie with the body as flat as possible. Keep the hot water faucet open all the time, so that the water never cools. Remain in this bath for fifteen minutes; then take a cold shower or spray.

At first the bath may be enervating. If so, take one every second day. The oftener they are taken the quicker the reduction will be. They are said to be quite harmless, though a bit strenuous at first.

Practically the same method is used for curing a severe cold in the head or chest, except that only two pounds of epsom salts are used, and a very hot drink, preferably a toddy, is drunk before getting into the bath, as it aids in inducing perspiration. After the bath go directly to bed and put on all the covers possible. In two hours the bed will be quite damp from the perspiration, or should be. New York Sun.

Siberia's Growth.

Omsk, Siberia, has become the outfitting point for an extraordinary migration, estimated at 2,000,000 people annually, which pours into the country bordering on Mongolia. Nothing in Europe or Asia has ever been quite so like the springing up of the great cities of the American middle west as is the growth today of new towns in Siberia. Except that the tide is moving east instead of west, the movement has many parallels to the wonderful migration which won the west for America. There are, however, two striking differences. The first is that the pioneering is comparatively luxurious compared to the American movement, while the natives instead of being swept aside are being absorbed by intermarriage with the settlers. The ten day journey up the Irtysh river from Omsk into the promised land is made by steamboats which are the last word in the luxury and convenience of river traffic.—Chicago News.
