**-For Your New Home-**

If you are building this year specify electric lights. It is safe to say that 90 per cent of the houses built in La Grande this year will install them. No home is modern without them. They are as important as sanitary plumbing.

Good lights are equally important, however, if you happen to live in a rented house. Your landlord owes it to you, and you owe it to yourself to have nothing but the best light. Electric lights are easily installed and will prove a source of lasting satisfaction to you. Call or phone Main 34.

**To the Housewife.**

Madam, if your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious disease. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation

of people who use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by all dealers.—Adv.

"My daughter used Chamberlain's Tablets for constipation with good results and I can recommend them highly," writes Paul B. Babin, Brush-ly, La. For sale by all dealers.—Adv.

**KLAMATH FALLS MAN GETTING STRONG SUPPORT.**

**Many Papers Come Out Squarely in Support of Eastern Oregon Jurist.**

An Eastern Oregon man who is receiving popular mention over the entire state for the supreme bench is Judge Henry L. Benson, of Klamath Falls. His candidacy has proven to be one of the spreading kind—spreading without any boosting. The name of Benson in Oregon is a synonym for efficiency in public office, and it is asserted by those who know Judge Benson best and have seen him work at close range that he carries the Benson mantle well.

Many of the newspapers are of the opinion that there is little doubt as to the Eastern Oregon man's success both at primary and in the election. The Forest Grove Press squarely comes out in support of him in the same enthusiastic manner expressed by the Lake and Klamath counties press, while the Cornelius Tribune does not hesitate to add the complimentary Willamette valley view of the judge. The St. Joseph Blatt published at Mt. Angel and the

Henry L. Benson, candidate for Supreme Judge.

Banks Herald along with the Marshfield Evening Record, are convinced that he is the proper man for the high place to which he aspires.

But probably the best things said of Judge Benson were spoken by a personal friend: "I feel the state should by all means elect Judge Benson to the supreme bench for the reason that he is a well rounded man. He is a man of affairs; he has taken the knocks of experience and knows where the stones lie in the pathway of life; knows the strength and weakness of men and women. He is intensely human in that he looks for causes as well as effects. Too often jurists lose their red corpuscles. They many times view every act from the language of the cold type contained in the law brief and render decisions accordingly. Judge Benson is capable of taking the harsh, cold skeleton submitted by attorneys to the supreme court and clothing it with flesh. He sees man as he is in life, not man as pictured by energetic attorneys in law briefs. For these and various other reasons Judge Benson is a man of extraordinary worth to deal out justice in Oregon."
