CATERPILLAR PUT TO WORK

UNION FARMERS SEED-GRAIN EARLY THIS YEAR.

Ranchers Sending Flocks to Pasture—Union Personal Mention.

Union, March 20.—(Special.)—The H. M. & C. company has their caterpillar at work and is rushing its farming. It expects to put on a double shift a little later in the spring. These gentlemen are farming on a large scale.

The farmers are busy getting in their crops. This is one of the earliest seasons that has been seen in this part of the country for several years and everyone is busy making the most of the fine weather.

Most of the ranchers in this vicinity have sent their cattle out to pasture for the summer. We hope that we will not have the usual April snows during April as it might cause some loss in stock on the range.

Frank Hempte hitched several horses to the road drag the other day and fixed the roads up in fine shape out towards his ranch. If the other farmers would only follow his example we would have the finest roads in the country.

Dr. Law made a professional trip to North Powder the first part of the week.

Ed. Miller sent about 3000 sheep out to pasture the first of the week. About half of the band was spring lambs. The sheep were sent down below Thief valley. That part of the country is being settled up so that pasture is becoming scarce.

Mrs. Dobbin and daughter, Miss Margaret Dobbin, have returned from their Portland trip. They report a good time while away but were very glad to get back home and to old Grande Ronde. They report that other Union people that are spending the winter in Portland, will soon be back to Union.

Mr. and Mrs. Draper and family have returned from California where they had spent the winter. They report a delightful time but glad to get home again. They will go further south next year and see if they cannot find a better place in California.

The sale of Mr. Wakefield's 100-acre tract of land which lies three miles out of town is reported this week. E. O. Zeek was the purchaser. Mr. Zeek will farm the tract and now has his teams at work on the place.

Chas. Law has been out of school this week with a hard attack of tonsillitis.

The little daughter of Mr. and Mrs. Wayne Vandeventer is having a hard attack of grippe which threatens to be pneumonia.

Eggs are quoted at 15 cents per dozen in Union. If they get any cheaper the producer cannot afford to sell them and will have to go elsewhere to sell their produce.

Mrs. Risley has purchased a 200 egg incubator and will go into the chicken raising business on a large scale. This in connection with her fruit farm will keep her busy.
