Hannah (Bossy Servant) Margery Snook
Time—The Heart of a Late Spring Day
Place—Brown's Living Room.

AWAY WITH CATARRH A FILTHY DISEASE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm."
Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless.

Put your fate—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Adv.

DON'T GROW BALD

It's Quite Needless—Nourish the Hair Roots—Remove Dandruff—Use Parisian Sage.

If your hair is getting thin, losing color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied frequently for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; cleanses, cools and invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—everyone needs it.

This refreshing hair tonic can be had at any drug or toilet counter in 50 cent bottles only. The Newlin Drug company lawyers sell it with agreement to refund the money if you are not satisfied.

Get a bottle at once. Delighted users say Parisian Sage is the best and most invigorating hair tonic made.

Sold by all Drug Stores, etc. Don't accept any substitute. Sample mailed FREE. Address, Allen S. Oimsted, Le Roy, N. Y. Adv.

MEXICAN POTTERY.

Primitive Methods of the Skilled Workmen of Durango.

Practically all the pottery used in the Durango section of Mexico, from the tiniest teacup to the largest flower-pot, is fashioned by hand from Durango clay. There are about twenty such factories in the city, employing from five to fifty men each. The clay used in this industry is obtained from the base of Durango's famous Iron Mountain, one mile north of the city.

The vessels are all fashioned by hand and foot power. The only instrument used is a large wooden wheel, through the axis of which passes a pole about three feet in length, terminating at the other extremity in a small wooden wheel set parallel to the big wheel. The operator sits so that he may turn the large wheel set horizontally near the floor so that it will move freely with his foot, which in turn causes the little wheel above, on a level with his chest, to revolve very rapidly. A convenient sized lump of the clay dough is placed upon this little wheel, and as the mass revolves by the impulse of the laborer's foot, he hollows out and fashions the vessel.

The skill and dexterity of these workmen is little short of remarkable. With only the eye to guide, he fashions with astonishing rapidity vessels which do not differ one from the other in either size or shape. A single laborer is able to complete about thirty-six dozen jars of nearly a quart capacity in a day.—Argonaut.

LIGHT AND THE EYES.

Glaring or Dazzling Effects May Result in Permanent Injury.

In a paper read before the International Exposition of Safety and Sanitation in New York city G. H. Stickney called attention to the fact that the most common defect in lighting is excessive glare and absence of diffusion. Glare may emanate directly from the light source or be reflected to the eye by a glossy surface; it can also be caused wherever excessive contrast of intensity appears in adjacent fields of vision. The dazzling effect is unpleasant and interferes with seeing. Under continued exposure eye strain and even permanent injury to the eye may result.

An unshielded light hung over a machine is a common source of eye fatigue. The glare may not be so evident on first glance, but when the workman's eyes have been subjected to such light for a long time discomfort and inability to see result. Glare from glazed paper, desk tops or polished metal often induces eye trouble, headache and other indisposition, though the sufferers may not be aware of the cause. The remedy is to change the relative positions so that the reflected light is kept out of the eyes as much as possible and to enlarge the dimensions of the light source.—Engineering Record.

Popular Judgment of Genius.

Fabre's first entomological work gained the honors of the Institute of France and a prize for experimental physiology. His extraordinary absorption in his entomological pursuits was a source of perplexity to those among whom he dwelt. One morning he was passed by three women vintagers on their way to work. When they passed him again at sunset he was still seated on the same stone, with his eyes fixed on the same spot, whereupon he saw one of them tap her forehead as she whispered, "A poor innocent." But more than one country guard suspected that he was up to no good in his mysterious wanderings about the countryside. However, the sight of the little dark ribbon of the Legion of Honor, with which he had been decorated by the French government, was generally sufficient to allay suspicion.—Westminster Gazette.

Hail to the Chief!

Jones had not wanted to go to the gregarious feast where the speeches strung out endlessly. Circumstances obliged him to stay. The speeches were strung out partly because the chief and dullest orator was not expected until late. Finally he came, and there was a rush of committeemen to escort him to his place. "Hello!" exclaimed Jones' companion, "what is that they are making such a pother about?" "We still follow," answered Jones sourly, "the ancient custom of bringing in the bore's head."—New York Post.

A Vaishnava Love Lyric.

In one of our Vaishnava lyrics the lover says to his beloved: "I feel as if I have gazed upon the beauty of thy face from my birth, yet my eyes are hungry still; as if I have kept thee pressed to my heart for millions of years, yet my heart is not satisfied."—Rabindranath Tagore.

Look Pleasant, Please.

"How did you manage to quiet that ugly, howling mob so quickly?" "Got a camera man on the scene," answered the resourceful police captain. "Then every man of them perked up and tried to look handsome."—Louisville Courier-Journal.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one graded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, etc. Take Hall's Family Pills for constipation. Adv.

THE PENNANT COLLECTION

Have you missed any of the pennants which have been offered by the Observer? The following may be secured at this office:

- Pennsylvania University
