## FATHER BRADY TO TALK TO MEN

ONLY MEN AND BOYS ABOVE 16  
WILL HEAR SERMON.

Lecture Course for Non-Catholics Is  
Planned for After Easter Week.

Each night Father Brady has been speaking to a large audience. As the serial course of moral sermons draws to a close one begins to see the full importance of a set of sermons such as these. The entire week has been devoted to men, but there has each night been a sprinkling of women who had not the time or opportunity last week to attend the series of sermons.

Tonight Father Brady is going to deliver a special sermon to men and boys above 16 years of age. Last Friday's lecture for women only brought out some wholesome truths and no doubt has done a great deal of good, at least such is the verdict of the women who heard the materly discourse.

The sermon is going to be fraught with an abundance of wholesome advice and naked truths for men, and will no doubt be well attended. All men are invited, both Catholic and non-Catholic.

He likewise announces that one week after Easter he would deliver a series of eight lectures on Catholic teaching for non-Catholics, expounding some of the more important doctrines of the mother church for the benefit of fairminded persons who desire to know more of the faith and to be able to compare its teachings with those of other churches. In speaking of these lectures the able missionary declared that he would not speak of the doctrines of other churches, nor would he allow himself to injure the feelings of any person in the audience nor attempt to make conversions. If any person chose to do that, it rested with him entirely. The main object of the speaker will be to attempt to stave off an increasing wave of ill feeling and unfounded prejudice against the faith because of its attacks on certain things in society which the Catholic Church is fighting.

The list of lectures will be published later, but it may be mentioned that it includes "the confessional," "Holy Eucharist," "That church which is the true church must be the infallible church," a strong dissertation on "matrimony," and "the divinity of Christ." In addition to the sermon each night he will answer all fair-minded questions about the church. A box will be placed at the rear of the church into which these questions, signed by the questioner, can be placed. No name will be divulged, but this precaution is taken to guard against certain happenings in the experience of the missionary which have led to disagreeable community squabbles. Everything is done to avoid giving offense. The entire city is invited to this course of lectures.

Next Sunday night the mission closes with a dogmatic dissertation on "the Virginal Birth of Christ." This sermon belongs properly to the lecturers to be delivered a week after Easter but is given by request and will indicate the manner of the lectures that are to follow.

### Specify - Electric - Lights

-For Your New Home-

If you are building this year specify electric lights. It is safe to say that 90 per cent of the houses built in La Grande this year will install them. No home is modern without them. They are as important as sanitary plumbing.

Good lights are equally important, however, if you happen to live in a rented house. Your landlord owes it to you, and you owe it to yourself to have nothing but the best light. Electric lights are easily installed and will prove a source of lasting satisfaction to you. Call or phone Main 34.
