# NEW HALIBUT BEDS FOUND

### INTERIOR TO GET MORE FISH, CHEAPER, MAYBE.

#### Fishing Industry at Newport to Be Greatly Enhanced.

News of the added fish industry that will probably have its effect in bringing cheaper and more fish in La Grande and interior points has been received from Newport Oregon. A news dispatch from Newport goes on to say:

The halibut industry on the newly discovered banks lying off Newport soon will be developed to the fullest extent. Two corporations are almost ready to commence catching fish. The Government steamer Albatross will survey the banks this month and the fishing will take place immediately afterward.

M. Maiden, of the Newport ice plant, has formed a company which has raised \$40,000 to buy a fishing schooner, which will be equipped with six doriers.

George Henderson, of Tillamook, who owns an ice plant at Pacific City, and D. P. Simmons, a lumberman of Seattle, have investigated the industry and announced yesterday that they would have a schooner fishing on the banks in May. They are prepared to buy the fish caught by the smaller fishing boats.

The Watchsmith Fish Company, of Portland, will have its boat in operation as soon as the bar is smooth enough to permit small vessels to go outside.

## Pimples Source of Great Danger

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

Make Your Blood Pure and Immune With S. S. S.

In thousands of instances the most virulent types of blood troubles have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days. It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at most any drug store in the civilized world. This preparation stands alone as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic, and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. It contains one ingredient which serves the active purpose of stimulating each tiny cellular part of the tissues to the healthy and judicious selection of its own essential nutriment. There are more cases of articular rheumatism, locomotor ataxia, paralysis, neuritis, and similar diseases resultant from the use of minerals than most people are aware of. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specialty Co., 217 Swift Bldg., Atlanta, Ga. It is mailed free, together with special information, to all who write describing their symptoms. Get a bottle of S. S. S. to-day, but be careful not to have something palmed off on you falsely claimed to be "just as good."

# HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 60 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is a splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant. Adv.
