## NEW SPUDS ARE SCARCE

WHOLESALE PRICES CLIMB UP ON NEW TYPES.

Strawberries Very Scarce and Florida Tomatoes Higher Wholesale.

New potatoes are showing unexpected strength in the wholesale market, although retail prices haven't changed here. Portland dealers quote higher figures on today's shipments to La Grande. Likewise tomatoes, Florida grown varieties are coming in good quality but the margin of profit is growing smaller instead of bigger. With these two exceptions both wholesale and retail prices on seasonable stuff are about the same as before.

Strawberries are a greater luxury than ever, principally because none can be had. Portland dealers get scarcely enough to supply their home trade, let alone supplying La Grande and other interior points.

La Grande quotations today are:

## SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
