

**Specify - Electric - Lights**  
**-For Your New Home-**

If you are building this year specify electric lights. It is safe to say that 90 per cent of the houses built in La Grande this year will install them. No home is modern without them. They are as important as sanitary plumbing.

Good lights are equally important, however, if you happen to live in a rented house. Your landlord owes it to you, and you owe it to yourself to have nothing but the best light. Electric lights are easily installed and will prove a source of lasting satisfaction to you. Call or phone Main 34.

**WEEKLY REPORT**  
**MADE TO CITY**

The following report from Manager Lafky to the Wednesday night meeting of the council was inadvertently omitted yesterday. It follows:

To The Commission; I hereby report the following for the week ending April 11th.

The treasurer collected \$1,452.30 water rent including \$65.25 warrants; \$524.30 street assessments and interest on Improvement Bonds including \$150.00 due Nov. 1st, 1913 for which the coupons were lost and for which the First National Bank of Cleveland, Ohio, furnished a \$300.00 indemnity bond. Also redeemed \$2,033.12 warrants and interest.

The police made 6 arrests and released 6. Also had 6 men in over night that were not prosecuted but given a chance to get back to their jobs. Fines were \$60.00 and forfeitures were \$10.00; \$2.00 pond fees previously collected were turned in.

The Recorder collected \$60.00 fines 4 cases and \$10.00 forfeitures in 2 cases; Received \$2.00 pond fees; 4 dry licenses \$200.00; 3 building permits \$1.50; a dog tax \$2.00; issued \$1,943.66 warrants allowed in April.

Water supt. spent \$11.50 metering and repair work; \$5.75 on shut off work and \$11.60 on taps.

The street supt. spent \$55.00 cleaning and \$66.50 repairs, mainly grading Cove Avenue.

Another week passed without fires. The engineer is working on the map showing the B. C. P. L. right of way in the Whitman Forest Reserve. Previous maps were rejected by the government because covered lands inside and outside the reserve.

Also made a start on sewer, water and grade plat for entire city.

A Polk directory would be of service to various departments of the city, price \$5.00.

I will put on a pound master temporarily next week to get balance of dog licenses and prosecute delinquents and to pick up strays.

I recommend that warrants older than 7 years be advertised and collected, if not cashed in 60 days.

**Compensation Act Chief.**  
(Continued from Page 1.)

month and to deduct from the wages of each of his workmen subject to the act, one-half of one per cent, with a minimum of 25 cents for each workman and before same to the commission with his own contribution.

"The Class B employer pays into the fund monthly during the first year 1-2 per cent of his pay roll and is required to transmit therewith, one-fourth of 1 per cent on account of the wages of each workman subject to the act with a minimum of 25 cents for each of such workmen.

**Exemptions Provided For.**

"Any employer in either class who operates for 12 months without accident in his plant and has made payments to the commission as per the above schedule, will not be required to pay more into the fund either for himself or his workmen until accidents occur in his plant, the protection of the act to continue the same as before; This provision being subject to an emergency clause to care for a possible series of serious accidents.

"No employer may ever be called upon to pay in excess of 3 per cent of his pay roll for two successive years on account of any one accident and then never in a lump sum but simply by paying into the fund for two years at the rate provided for the class in which his industry is placed.

**Hospital Fees Provided.**

"The act provides for the payment of the Industrial Accident fund of hospital and medical treatment not exceeding \$250 in any one case, expenses of burial not to exceed \$100 in any one case and monthly compensation to injured workmen or their dependents ranging from \$25 to \$75 per month and continuing from one day to life, depending on the workman's injury, the size of his family, the amount of wages at the time of injury and other conditions.

"Section 31 of the law provides that any industry not enumerated in the hazardous list may come in by filing application with the commission.

"Employers who reject the act, in case of accident will not be allowed

BARRINGTON HALL COFFEE COSTS MORE PER LB. THAN INFERIOR COFFEE BUT

**It Costs Less Per Cup**

Because you get all the flavor from each particle of Barrington Hall Coffee. **THERE IS NO WASTE.**

When coffee is ground or unevenly steel-cut, the resulting particles are of widely varying sizes.

Some of the particles are then ten times as large as others. This means that it will take ten times as much boiling to extract the valuable coffee oils from the largest particles as it will from the smallest.

Barrington Hall Coffee is reduced by a series of cutting operations, until it reaches the size best suited to home use.

COMES IN ONE AND TWO POUND CANS AT 45c AND 85c.
