Easter Services Draw Well—Other
Union News.

Union, April 15. (Special—Easter was fittingly observed by the different churches and Sunday schools in Union. The M. E. church had special music by the choir and a good sermon by the pastor, Rev. Martin. A large crowd was in attendance and enjoyed the services very much.

Miss Victoria Callihan is substituting in the 8th grade this week for Mr. Ersland who is sick with lagrippe.

Miss Jennie Webb, who was taken to Baker one day ago and operated on for appendicitis, returned home on the 15th inst. She says that she feels as well as ever.

Mrs. Fred West returned from Walla Walla the latter part of the week much improved in health. She had been in the hospital taking treatments and is improving.

Many from here had the pleasure of taking in the Farmers' Union, meeting at North Powder last Saturday. Owing to the roads being very muddy from the recent rains, not a very large crowd was present. Still some of the Union members came from Alicel and Imbler in their autos. The North Powder local entertained the visitors and served dinner. To say the dinner was good puts it but mildly. After eating such a fine dinner it was hard to come down to the realities of life. A short program was given after which the Union held an executive session and adjourned to meet in Elgin in July. The North Powder local did themselves proud in the matter of entertainment and was given a vote of thanks by the visiting delegates.

State Evangelist Adams, who has been holding meetings in La Grande for the past few days, came over to Union on Monday and started in a revival meeting here for the local church. He will be here for some days and is assisted by the local pastor, Rev. Reed.

Harley Hursh is visiting with friends and relatives in Union this week. Harley is now working for his brother-in-law, George South, of Medical Springs, and reports things lively in that section.

Will Nibarger and wife visited in La Grande the past few days. They came home last Monday.

The stock show people are feeling jubilant over the county court appropriation as it will be a big help. A meeting will be held on the evening of the 15th to get everybody to get busy and boost.

The grounds around the public library are being seeded down after being nicely graded up. This will help appearances around there very much.

Several of the political candidates have been visiting this section in their own interests and seem to think that they are sure of election. Someone is going to be woefully disappointed after the primaries.

A county fruit inspector is visiting this section and warning everybody to clean up their orchards and get rid of their old diseased trees. This is a good thing and most everyone will get busy and do away with these menaces to the fruit business.
