

"Highbrows" Complete Stunt and Concert that's a Daisy

The Boys' Glee Club of La Grande high school will make its first formal appearance next Wednesday night in the high school auditorium. Boys will render a complete program composed of ensemble songs both classic and popular, solos, quartette numbers and stunts.

ance at Hot Lake and have appeared numerous times during the winter but they are said to sing with more finish now than ever before.

The Program will be given as follows: School Song..... Maris Club. 3-11-14.

Bendemeer's Strench..... Moore Quartette (Shaw, Carpy, Russell, Winters.)

Stunt..... "Made in a Minute" Ralph Russel.

"O, Thou Sublime Sweet Evening Star" from Taunhauser. Glen Conkey.

Willie Had a Motor Boat (Put Put Put Put) Club.

Has Anybody Here Seen Rover. Quartette and Larson.

Winter Song..... Bullard Club.

Next Sunday at Nine Kenneth Carpy and the Club.

Stunt..... "Swat the Fly." Baby..... Myrton Westering Fly..... Frank Clark

Daddy..... Ralph Winters Wife..... Alvin Jacobs Germs..... Kenneth Keeney, Gideon Snook and Kenneth Williamson.

Duet. O. That We Two Were Maying..... Nevin Glenn Conkey and Mr. Maris. Mill Stream..... Taylor Club.

Rag Time Cow Boy Joe. Glee Club, featuring Karl Bock. South Wind..... George Cox. Club.

Good Night..... Maly Club.

The stunts are new and snappy and will introduce many of the late songs. One of them is based on "Has Anybody Here Seen Rover?" and promises to reveal some startling facts concerning the whereabouts of all disappearing "Rovers." Another skit finds its origin in the popular "Swat the Fly" movement. The characters show in pantomime the evil influence of the awful typhoid fly, especially upon "baby." Myrton Westering as-

sumes the role of the little one with such daintiness that those who have seen the act declare he was made for the part. The climax comes when "Daddy" Ralph Winters, caused by the child's night wails, holds the wee thing in his arms and cradles it gradually to the tune: "When Was I Ever a Night Like This?"

Ralph Russel appears in a clever "make-up" stunt which he handles in good style.

BIG AGRICULTURE LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, canteloupes, water melons, corn, oats, cotton, hay—in fact, all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to \$1,268.45, and that one acre of well-cared-for paper shell pecans, in full bearing, should net its owner as high as \$500.00 per year! We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is for Mutually Beneficial Results. As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us, which also have in mind business and residence purposes. We will offer for sale after the opening, which will not be included in it. We have "money afterward" considerations in this liberal opening, similar to those of the North.

SOUTHERN GEORGIA LAND DEVELOPMENT BUREAU; COLORADO. Within three hours of Washington, D. C. at a trot without half the depth of burying a wheel this county waste one ten tons when good Agricultural Railroad-Land Opening, and would cut down the pull. If you don't believe the drag will do what King claims for it, tell him so after you have seen it in work here April 31st. If King couldn't produce he would not be in the employ of many railroads and would not be paid for his services out of county funds. Don't condemn before seeing it work.
