LOCAL BREVITIES

Those exposures you take Sunday, have developed at Hill's Drug Store, yours may be the one that will be enlarged Free.—Adv. 4-25-1t.

E. J. A. E. and C. J. Morris, the latter of Boise, and the former two of this city, are going to take over the ice cream and candy stand in the Newlin Drug store for the summer and make this an important part of the business. They announce that they will make their own candy and ice cream, and that they will cater largely to parties and picnic trips, etc. They are now conducting a candy making establishment in the city and hope to make this a first class industry. The Boise brother of the firm is a practical candy maker, having served his apprenticeship in a large candy factory of Boise where he learned the intricacies of the making of the candy. In a statement this morning, E. J. Morris who is now connected with the dispensing department of the Newlin Store, asserts that they would strive to get the highest rating in the state for cleanliness and proficiency, as well as good ingredients of which they intend to make their products.—Adv.

Pat Loneragan of Pendleton arrived yesterday on business connected with the Warren Construction company. He states that the equipment of the company now located north of the freight depot is to be moved to Missula, Montana, where the company is going to do extensive paving this summer. Wallowa is not going to pave any this summer according to information which reached this office, and for this reason the equipment which has been resting here pending this decision will be moved in the course of the next week or two.

The best is the cheapest. It is one thing to buy a home and it is another to be satisfied with it after you get it.

Have a house built for you; to your order; just as you like it, with strong lines of individuality about it. You take pride in it—your friends admire it. Satisfactory! What's the answer? A happy family.

SAFETY FIRST

Did you have Spray troubles last season? Some growers had very serious ones.

WHAT'S THE USE?

Why risk your crop by using new and untried brands or preparations? Let your Experiment Station do the experimenting.

Why not use an ARSENATE OF LEAD that has successfully weathered the varied climatic conditions of Washington, Oregon, Idaho and Montana the past four years?

The Grasselli Brand Has Done This

IF IN DOUBT

Ask your local or state authorities. They are best qualified to advise as to local conditions.
