**QUIZ OFFICER ENDS EXAMS.**

SEVERAL HUNDRED MEN GIVE TESTS.  
Car and Officers to go to Walla Walla Division from Here.

The examination car officers of the O. W. system have been here for about three weeks examining men of the second division. They are about through with the work and will leave tonight for Walla Walla to continue the work of instructing and examining men of the Spokane division.

The work at this point has been complete and satisfactory, "For," said Mr. J. D. Mathewson, "we have instructed and examined 515 men of this division during our stay, and the results have been gratifying. Since our work began the 1st of January of this year we have had 1,400 men in the car, all of whom have passed satisfactory examinations with the exception of two men."

"On this division we examined 98 brakemen both freight and passenger, 42 conductors, both passenger and freight, 94 engineers of both departments of transportation, 88 firemen and 191 yardmen, agents, operators, track foremen."

"We find all of the men well versed in the rules which show they are railroading. Of course men will differ as to the interpretation of some of the rules and for this reason we make these periodical trips to ascertain this variance of opinion and to correct wrong impressions. It is part of the great gospel of 'Safety first,' worked out by the officials of the road to reduce to a practical minimum the possibility of accidents and make travel as safe as location and equipment and human ingenuity combined will permit."

Mr. Mathewson was assisted by Wm.
