### REGISTRATION STILL BEHIND

FEW DAYS ONLY REMAIN FOR REGISTRATION.

Clerk to Have Books Down Town for Last Time Tomorrow Night.

At the close of registration last Saturday, the figures for the different parties stood as follows: Republicans 1753, Democrats, 1256; Progressives 124; Socialists 142; Prohibition, 197; Independent, 117; Non Partisan, 14; Refused to state, 2. This makes a total for last Saturday of 3,605. Since then about a hundred more have registered which brings the total to date to 3,705.

This is several hundred above the registration for last year, but in view of the fact that women have suffrage this year this is not up to the mark. In fact the registration could be about 5000 for this time and not be excessive. The figures as given mean that about 500 women have registered, which is but a small percentage of those who are entitled to cast a ballot. The normal Republican lead in

the county is about the same as it was a year ago at this time.

For the information of those who have not performed their duty in this respect, it may be said that tomorrow night will be the last night on which County Clerk Ed Wright will come down town for the purpose of facilitating registration. On May 1st the books will be closed and those who have not availed themselves of the opportunity of registering, will have to be sworn in at the pools. As this must be done with the aid of six freeholders, and as there is much unnecessary delay in performing this function on the day when the clerks and judges are busy with other matters, there will be little time to do this work. For this reason voters will be doing a favor to themselves as well as to the election officials by registering.
