Corns Go, Sure Pop, If You Use "Gets-It"

Simple As A B C. It's the New Way of Curing Corns and Calluses.

If you have corns now, the chances are you have never used "GETS-IT," the biggest seller among corn cures ever known. It is the new way, does away with all trouble, pain and fussing in treat-

Get the Corns Off Your Feet, and the Corn Wrinkles Off Your Face. Nothing Can Do It Like "GETS-IT."

ing corns. Thousands who have pattered with old corns for years, have gotten rid of them right off, with a few drops of "GETS-IT," applied as quick as you can spell your name. Corns just love to be cut, picked, filed, gouged and pulled. Quit it. You've tried cotton rings that cause shooting corn pains, grossy salves that spread over the toe and make it raw and tape that sticks to the stocking—now try "GETS-IT." It has none of the drawbacks of the old style corn cures, causes pain and never falls on any corn or callus. "GETS-IT" is sold by all druggists, in a bottle, or sent direct, by E. Lawrence & Co., Chicago.

FOR SALE BY ALL DEALERS.

Our rubber goods are the lasting kind. Baby can chew on our nipples and still they last; the teeth will not break out of our superb combs; our water bags are not rotten when you get them. If you have not got a good rubber water-bag and fountain syringe in your house, get one from us and be ready at all times, when the doctor says "get one."
