# SMART DROP IN PRICES QUOTED

## GREEN STUFF LOWER OWING TO SUPPLIES FROM GARDENS.

Butter is Five Cents Lower Per Roll —"Down" is Tendency.

A sharp drop in price for most of the green stuffs is given out this morning by grocers. Butter is five cents lower than yesterday quotations and nearly all vegetables have come down. This will be good news for the economical housewife.

Home grown sass is taking the place of imported stuff. Asparagus is coming in from local growers, or from Walla Walla, and the price in consequence is down, owing to less transportation charges. The Florida Dollar variety of strawberries have not yet made their appearance on the local market, and shipments so far have been California berries. The quality is constantly getting better and before long will be in reach of most any purse.

New potatoes have come down two and a half cents since yesterday and with regular shipments from the coast will continue to come down until every pot will be boiling green beans and new spuds with the proverbial winter ham bone.

## Portland Indications.

Cattle shipments at the Union yards have not been heavy and the price is ruling strong as a consequence. Sheep have not been many, nor have hogs and the tendency is for a rise in the market price.

## Wool is Strong.

For some unexplainable reason, wool continues to show a bearish tendency to go up, the price being now three cents higher than the price was one year ago at this time. Following are corrected market quotations for local stores:

# EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease. Adv.
