

### Specify - Electric - Lights -For Your New Home-

If you are building this year specify electric lights. It is safe to say that 90 per cent of the houses built in La Grande this year will install them. No home is modern without them. They are as important as sanitary plumbing.

Good lights are equally important, however, if you happen to live in a rented house. Your landlord owes it to you, and you owe it to yourself to have nothing but the best light. Electric lights are easily installed and will prove a source of lasting satisfaction to you. Call or phone Main 34.

### ONE CORN SHOW IN 1914 BY O. W.

WALLA WALLA WASHINGTON IS SELECTED FOR EXHIBIT.

Many Prizes Will Be Given for Best Products by Company.

Portland, May 6.—One large Corn Show will be conducted by the O. W. R. & N. Co., this year instead of two. Because of its central location to points on O.-W. lines in Oregon, Washington and Idaho, Walla Walla has been selected as being the most suitable place for the exhibition, which will probably be held late in November. The premium list is being prepared and a copy will be sent to all agents when published.

The company will offer approximately \$500.00 in cash premiums. In addition, there will be prizes in the form of useful cultivating machinery offered by leading implement houses of the Northwest.

It is important that interested ones may know of these facts before the planting season is over, in order that their interest may thus be stimulated. The successful growth of corn means much to farmers in the Grande Ronde Valley.
