

YOUNG WIFE PASSES AWAY

MRS. GEARHART, AGED 23, IS
DEAD.

Young Husband and Sister Survive
the Deceased.

Mrs. Josephine Corilla Gearhart, aged 23, was buried yesterday afternoon from the Henry & Carr undertaking parlors. She was taken ill some time ago and recovered fully, and soon after that, was taken ill again with tubercular troubles and died Monday morning at 4:30 a. m. She is survived by her husband, a young man employed in the O. W. machine shops, and a sister, Alma Thorp.

For the past four years Mr. and Mrs. Gearhart have resided in this city, living at 906 Lake street. They came here from Grand Junction Co-

lorado, where they were married December 6th, 1910. Mr. Gearhart has relatives in Texas, where he lived when a boy.

The family formed many friends while in La Grande and these were present yesterday afternoon to pay tribute to the memory of the young life that had passed away.

PILGRIMS PROGRESS FILM

MOVING PICTURES OF FAMOUS
BOOK COMING.

Film Story of John Bunyan to Be
Shown at M. E. Church Thursday.

The most famous dream of modern times was that of John Bunyan, a poor English preacher, who, thrown into jail at Redford, England, 250 years ago on account of his religious zeal, saw in a vision a pilgrim toiling along Life's rough highway. In this dream the wanderer was searching for the happiness that with perfect living and good thoughts, but the way was long, leading as it did from the city of Destruction to the city of Everlasting Life by way of the River of Death. A presentation of this journey, which was set down in book form by the famous prisoner, will be given at the M. E. church on Thursday, May 14th.

People of all civilized lands have read this story, "The Pilgrim's Progress." It has been translated into more languages than any other book save the Bible, and, in spite of the bustle of modern life, it continues to be read and enjoyed. But now, that its story is told by the films, thousands of people, who have not had time to read the book, will know of Christian's struggle for righteousness, for one is able to get the complete work by seeing the pictures made by the Ambrosio Company, of Torino, Italy, and hearing the lecture by Colonel Ray, who explains the various scenes and events that are thrown upon the screen. This lecturer is well known throughout the United States, and he has spent much time in preparing for this presentation of Pilgrim's Progress.

Alexander Salvini, one of Italy's best known actors, plays the part of Christian, and Eleanor Serantoni portrays Christiana. Allacco Giovanni takes the part of John Bunyan in the prologue, which pictures the life of the author. Bunyan wasted his substance in having a so-called "good

time." Suddenly realizing that his family was in need and that his dissipation was the cause, he became a convert. The authorities placed him in jail to cool his growing zeal. It was here he dreamed the dream and saw the vision of the Pilgrim's Progress.

The pictures were shown recently in Portland, Tacoma and Seattle; over 37,000 spectators were present at the 78 performances given in these cities.

SERIOUS CATARRH YIELDS TO HYOMEI

You Breathe It.

Be wise in time and use Hyomei at the first symptom of catarrh, such as frequent head colds, constant sniffing, raising of mucus, or droppings in the throat. Do not let the disease become deep-seated and you are not in danger of a serious if not fatal ailment.

There is no other treatment for catarrh, head colds, etc., like the Hyomei method, none just as good, so easy and pleasant to use, or that gives such quick, sure and lasting relief. You breathe it—no stomach dosing. The Newlin Drug Co. if you are not benefited.

Hyomei is a combination of antiseptic oils that mixes with the air and formed and serving until now. The flamed membrane of the nose. It's sure and safe healing begins immediately—you feel better at once.

If suffering from watery eyes, husky voice, discharge from the nose, or that choked-up feeling, try Hyomei now—today. All druggists sell it. Ask for complete outfit—\$1.00 size

Chamberlain's Liniment.

This preparation is intended especially for rheumatism, lame back, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities. Mrs. Charles Tanner, Wabash, Ind., says of it, "I have found Chamberlain's Liniment the best thing for lame back and sprains I have ever

used. It works like a charm and relieves pain and soreness. It has been used by others of my family as well as myself for upwards of twenty years." 25 and 50 cent bottles. All Dealers.

FOR RENT—Two room furnished house. Call 805 Jefferson St. 5-13-tf.

FOR GOVERNOR.

GUS C. MOSER.

Republican Primaries May 15.
He voted against the new tax law and stands for reduction of taxes, payable semi-annually, without penalty. Economy, efficiency—Dignified law enforcement. Fewer tax-eating commissions, and reduced expenses in each department of the state.

—Paid adv.

BIG AGRICULTURE LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, canteloupes, water melons, corn, oats, cotton, hay—in fact, all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to \$1,268.45, and that one acre of well-cared-for paper shell pecans, in full bearing, should net its owner as high as \$500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres, and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who registered in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will cheerfully be permitted, and the opening will be held at Brownstown, Wayne County, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Brownstown on the opening day, unless they wish to attend, for there is no favoritism shown anyone. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With the ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe to-day are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim Is for Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening, similar to those of the Northern Pacific

SOUTHERN GEORGIA RAILROAD-LAND DEVELOPMENT BUREAU,
COLORADO BUILDING WASHINGTON, D. C.
