ON THE FACE OF RETURNS.

In the language of an old politician, who has since passed to his long home, "the people yesterday voted just as they pleased."

While the percentage of votes was entirely too light, the ones who did vote seemed to know about what they wanted.

On the face of the returns Dr. Withycombe has been nominated for governor by Republicans. This calls to mind one of the prettiest campaign speeches in favor of a candidate we have ever heard in all of our lives.

It was a few days before the primary that Robert Withycombe, son of the nominee, came over to La Grande to say a few words in behalf of his father:

"If everyone only knew my daddy as I know him he would get all the votes," said Robert, "for he is the best man in all the world."

And the sincerity of purpose—the pure love of son for father shone out so strong that there could be no mistake as to the meaning of those words.

Evidently a good many people of Oregon knew Dr. Withycombe, probably not so well as does his son Robert, but well enough that they are willing to entrust the business of this great state to him for four years.

Dr. Withycombe as the Republican candidate for governor is going to be a hard man to defeat. He is as clean as a man can be; as honest and loyal as he is clean, and above all a man whose heart is in the development of the state, its agricultural possibilities and the education of the boys and girls to do practical things.

An eight hour limit to the eight hour debate would help some.

Imaginary Heart Trouble.

Do you have pains in the region of the heart? Does your heart thump? Its terrible pounding alarms you? What is wrong? Do you believe these symptoms mean heart trouble? Organic diseases of the heart very seldom occasion much pain. Nearly all of their pains are caused by some derangement of the stomach. Meritol Tonic Digestive is especially recommended for indigestion and dyspepsia, and for restoring the stomach to its normal functions and so more "heart disease."
