Cards of Thanks.

M. I. A. Day was a perfect success from every standpoint. The subjects for story telling could not have been better, and were well handled.

We want to thank all those who helped to make the day one of the best in the annals of our work. Especially we thank the park board for the use of their grounds; the fair board for the fair grounds and the high school board for the gymnasium. Without these appropriate places we would have been handicapped.

We also extend our appreciation to the judges, Mrs. Vincent Palmer, E. Z. Carbine of La Grande and Osborne Richins of Union for their kindly services in the story telling contest.

Also the Observer for the thorough manner in placing before the public our plans for our annual field day thus helping our friends to meet with us in our good times. (Signed)—The Y. M. & Y. L. M. I. MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink. Adv.

Much of the territory of Mexico is now held by the constitutionalists. This year they have more than doubled the number of miles of control. Huerta is being pressed into his capital from the north by the men under Carranza and Villa and from the south by Zapata.

A battle there is predicted. He will make his fight there to protect Mexico City rather than at the gates of his capital. If he loses the constitutionalists will have a clear road in.
