Presbyterians in Convention.

Chicago, May 22.—A radical reorganization of the home missionary board of the Presbyterian Gen-

eral assembly was the chief discussion among the 800 odd delegates who are in Chicago today from all sections of the United States and a number of foreign countries. The assembly will be in session for ten days.

Insurgents in the Presbyterian church are determined to re-organize the home missionary board so that it will be of more service, according to Oliver R. Williamson, in charge of the general arrangements for the assembly, which is being held at the Fourth Presbyterian church, the pastorate of Rev. Dr. John Timothy Stone, the retiring moderator. The claim has been made, Williamson states, that the home missionary board has become so centralized, and so unaccountable that the churches and home mission field has had no voice in the policies of the church. It is to correct this condition, that the progressive element in the assembly wishes to overhaul that body, he claimed. At this session, the 126th annual meeting held by the Presbytery of this country, it is expected that the way will be paved for the Rev. E. P. Hill, of the McCormick Theological Seminary, Chicago, to succeed the veteran secretary of the home missionary admitted today that he had been approached on the subject of filling Dr. Thompson's place, when the latter resigns.

There is widespread interest in the election of a moderator to succeed the Rev. Dr. J. T. Stone. For many years various parties and groups have gone to the assembly with vigorous political campaigns for the election of particular candidates. But at last year's assembly at Atlanta, Ga., a sudden reaction came from this political wire pulling, and since that rebuke was administered, delegates said today, there have been no open moves made by any group to "put over" a certain candidate.
