## JAPANESE LANTERNS, BASKETS AND LAMP SHADES AT MORGAN'S 10 and 25c STORE

### Build a House which will Sell Readily

An attractive house will command a better price by several hundred dollars than the common kind, and it costs no more. Some very poor houses are built of the best lumber.

Good material does not make a good building unless understandingly used. A good builders price is very little in excess of the poorest and the satisfaction of having an attractive, convenient and well constructed house is well worth the difference.

**H. E. ROSKAMP,**  
Contractor & Builder
