ELGIN LOSES TO LA GRANDE IN ONE INNING.

North Powder and Union Winners by Big Scores Yesterday.

Outside of the La Grande-Elgin game yesterday all teams in the Valley league were either all to the bad or all to the good. North Powder trounced Cove at North Powder, 13-5, and Union shut Imbler out at Imbler with a lopsided score. Union forced herself into a tie with Elgin for second place and La Grande bunted into the top place in the league.

"Ossie" Oswald and his Indian braves got a trouncing yesterday by La Grande and gauranteed an exciting finish of the valley league. For six and a fraction innings Elgin had La Grande hooked, the local batters jiggling like trout in a skillet at what Oswald sent toward the home bag. Then Oswald wobbled and the La Grande batters ranged their eyesight with the result that five runs were put over the pan and La Grande given a winning lead. With its error column well provided for, and hitting reduced to a minimum in all but one inning, the game gave considerable thrills. It looked gloomy indeed for the Clubbers in the first when Workman hit safe and Mason drove one to Crane who mused it up. Galbreith booted Patton's grounder and then Oswald sacrificed Mason home. Workman had scored on Galbreith's delay in pegging home. Other than that Elgin didn't get close.

McInnis improved as the game went on and had perfect control and changed his style and pace sufficiently to keep his hits scattered. Elgin got six all told off the veteran slapper.

Murchison's tremendous drive to deep left in the fourth scored Humphrey who got on when Shelton booted a drive, scored the only run up to the seventh. Then came the fatal seventh or the lucky seventh, depending upon which side of the bleachers one sat. Galbreith had drawn a walk and Stacy, batting for Garrity drove one to Workman and went safe. Then McInnis won his own game with a humming grass burner to right field and the balloon was cut loose. Pidecock hit into a fielder's choice, Humphrey singled, Patton dropped the throw on Murchison's hit, Slate singled and Crane retired the side and the melee was stopped by striking out the second time to bat in the same inning.

The balance of the game was interesting but futile for Elgin's scoring machine. Mason in left field was Elgin's big show and saved the team from four or five runs. Murchison and Hallgarth were the hero boys with the stick. The score:

DR. HERBERT, ONE OF THE CHAUTAUQUA FEATURES

A small-town philosopher is Dr. L. G. Herbert, who speaks July 5th at the chautauqua. He is familiar with every "crackerbox" legislature in this country, for they are all just alike, and when he speaks on "A man among Men" and other themes by which he has won equal fame, he will give La Grande people a splendid

Korean Justice.
The Korean Judge dispenses justice to the open, and by etiquette only the Judge can sit. Every one else must stand, excepting the prisoner and his friends, who are forced to remain in a humble kneeling position with bowed heads. Until quite recently these trials were always very one sided and shockingly unjust, states the Wide World Magazine. When a man was brought to a Judge it was taken for granted he was guilty, and if he did not confess he was tortured and made to do so. Witnesses, too, were openly bribed. In fact, giving evidence for or against an accused person meant a living to a portion of the community, and these witnesses naturally favored those who paid best. Punishments varied. If the prisons were too full and the condemned could not pay a fine they were often given a chance to escape or disappeared by some means. Though these things are of the past, Korean judges, like those of China, possess a poor idea of the sense of justice.

An Ancient Mariner's Tale.
A solemn man leaned forward as the train approached the seaside resort. "You see that boardin' house over there. I can tell you a funny story about that. I was stayin' there thirty years since, and there was a 'usband and wife there, too—very pleasant people. One day after dinner 'e says to 'er, as any 'usband might say to any wife, 'Pass me them boots.' And she says to 'im, as any wife might say to any 'usband, 'Get 'em yourself.' And 'e says, 'I'll never ask you for no more boots.'"
"Well, is that all?" asked the victim as the ancient mariner paused for breath.
"No. 'E went out at once and drowned 'imself in those very boots—a new pair fresh on."
And the ancient mariner was obviously gratified by the sensation which the climax of his funny story produced.—Manchester Guardian.

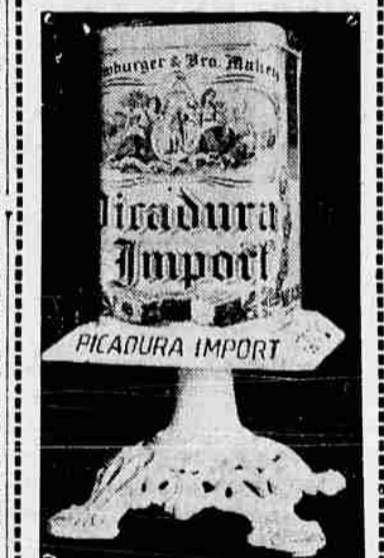

The Legs in Swimming.
The correct stroke of the legs is exactly like that of a frog's hind legs. Watch one of these frogs and copy his style. You cannot do better. The legs are drawn up together slowly, not with a jerk, until they are gathered in close under the body. Then with a sudden, quick spring they are shot out behind, the ankles being turned so that the soles of the feet present as flat a surface as possible to the water and so offer more resistance from which to make progress. As the kick is made the legs should be spread out in the shape of a letter Y, but not allowed to sink far down under the surface of the water. If they kick downward at an angle instead of out straight behind much of their energy is wasted in unnecessarily forcing the body out of the water instead of forward.

entertainment, without question. For the past ten years Dr. Herbert has been one of the unique, as well as one of the most forceful figures upon the American platform. Those who have watched his career closely have seen a most interesting evolution from the position of the entertainment lecturer to that of the man with a mission. This means that the lectures given by Dr. Herbert now stand for more than mere entertainment. Those who have heard him in his entertainment lecture only might be surprised to know of his practical work along municipal lines. His lectures upon present day municipal questions—the buying at home, home welfare, local sanitation and betterment questions—will be worth an untold amount to any community where they may be given. Even in his work or a spiritual nature, the same practical quality at once appears, and his series of lectures upon "The Social Message of Jesus" comprise the most valuable and practical application of scripture and its lessons as applied to mankind which has ever been given from the platform. He will lecture upon our chautauqua program July 5th and this will be one of the most interesting events of the entire assembly program.

Dr. Herbert has spent much of his life up to the present time in small towns. It does not follow that he is not up to date in either appearance or philosophy. It has helped him immediately in getting into the heart of the people. At his home in Ohio he knows everyone and everybody knows Herbert. He knew every member of the "Cracker box Legislature" in McComb and can enjoy and understand the country philosophy which emanates that most democratic municipal body and his conversation, as well as his lectures, is

frequently enriched by this homely philosophy. He does not in the least resemble Abe Lincoln in looks, but he has the same story telling gift, the same love of a joke and the same rugged honesty. Herbert is one of the unique characters of the platform who is bearing a distinct and useful message.
