**"Tell Me the Secret"**  
"How do you make such light and tender muffins?"  
"I make them with K.C. Baking Powder. When you use it, you get the best results. It makes the muffins so light and tender, and it is so easy to use. It is the best baking powder I have ever used. It is the best for all kinds of baking, and it is so cheap. It is the best for all kinds of baking, and it is so cheap. It is the best for all kinds of baking, and it is so cheap." *(Note: The text in the image is partially obscured and difficult to read.)*

**KG BAKING POWDER**  
It is really a blend of two baking powders, one of which starts to raise as soon as moisture is added. The other is inactive until heat is applied. This sustains the raise until your muffins, biscuits or cakes are done.  
K.C. Baking Powder costs less than the old fashioned quick acting kinds, yet you need use no more and it is superior to them in every way.  
Try a can at our risk and be convinced.
