Makes Your Bath Twice as Refreshing

NEW KIND OF SHOWER. FITS ANY BATH TUB. NEEDS NO CURTAIN. DON'T HAVE TO DRENCH YOUR HEAD.

Try It 10 Days Free

You can try this new kind of shower ten days free—right on your own bath tub—without having to send a single cent in advance.

You'll find it far more refreshing than a tub bath, whether you take it hot, cold or tepid.

Works on new principle. No clammy curtain to spoil your enjoyment. Can't splash out of tub.

Doing away with all need for a curtain and the elimination of overhead piping and complicated parts is what makes the price so low.

Kenney Needle Shower Only \$6.00

The only shower of any kind which throws four generous needle-spray streams.

When you stand erect no water touches your head—all strikes direct against the body from the neck down. That makes it about twice as enjoyable as any overhead shower. But you can douse your head if you wish by simply bending a trifle.

A very handsome fixture. All metal. Heavy nickel finish over brass. Nothing to wear out or get out of order. Easily put up. Never in the way.

Don't Send Any Money

Just order on your letterhead or enclose business card or reference and you'll get the shower complete and prepaid for ten days' free enjoyment. If you want to keep it, simply send \$6 in full payment; if not, simply return the shower. Better write for the free trial today.

WHY FAMOUS PASTRY COOKS USE K C BAKING POWDER

The patrons of our first class hotels and restaurants are exacting—they demand the best. Women go where the pastry and cakes are noted for their excellence. Men are attracted by hot bread and biscuits—when fresh and moist and light.

The pastry cook with a reputation uses K C Baking Powder because he knows that results are certain; every time everything is as good as his best.

Then, too, with K C Baking Powder he can mix the various kinds of batter before the rush of the meal begins and bake as needed so that every order goes to the table fresh and hot, yet the last he bakes are just as good as the first.

The reasons behind these reasons is that K C is really a blend of two baking powders. One commences to give off leavening gas as soon as moistened. The other requires both moisture and heat to make it active. Dough or batter will remain in a partially leavened condition for hours, and when put in the oven, will come up as light as if mixed in the oven.

For cookies, pancakes, doughnuts and the like, which cannot all be baked at once, K C is indispensable. For all baking the doubleraise makes doubly certain.

Following the example of the professional cook and your baking will be equal to his.
