FORTY AUTOS TO CARRY ELKS

MIDNIGHT BAND CONCERT PART OF ATTRACTION.

Dancing, and Sandwiches and Coffee, Part of Entertainment.

Tomorrow night, between 10 and 12 o'clock, La Grande and La Grande Elks will be host to a band of Northwest business and professional men who will comprise the special Northwest Elks' special to the grand lodge at Denver.

There will be about 150 men and women in the party, and about 40 automobiles have been recruited to take the tourists to Riverside Park, immediately after their arrival here. The local Elks hope to have the tourists at the park 10 minutes after the train arrives.

Midnight Band Concert.

The La Grande band will be on the job at the park and will furnish music and band concerts until midnight when the visitors must hurry back to town to get under steam again. While at the park, dancing will be indulged in and the L. D. S. ladies will serve light refreshments to the guests. After a tiresome, hot ride to La Grande the trip to Riverside should prove a tremendous treat to the Elks and their wives.

The train stops two hours here and all of that time will be put in at the park.

HARVEST OF CHERRIES ON

ALL PARTS OF THE VALLEY "AT IT" IN EARNEST.

Except for Few Early Varieties, All Types Are Excellent.

Cherry picking is on in full blast all over Union county. Both in La Grande and Cove, cherry owners have their crews at work, and the annual beehive of activity is humming. At Cove the picking got under way in full tilt yesterday, while some of the orchards near La Grande have been picking for a couple of days.

The crop has been running nearly capacity except for a few of the earlier varieties that were caught by the frosts. Hundreds of people, men, women and children are employed in this annual harvest of cherries.

CHAUTAQUA SCRIBBLES.

Most of the listeners last night would have been interested to know that when the Count struck his pocket and told of carrying a pistol there while yet a captive in Siberia, that he carried a neat little pearl handled one at that minute and that a 11 shot revolver reposed in his suit case and is constantly under his fingers when he rests, reads or tries to enjoy any pastimes.

Bathers think the water fine, but boaters have a better time.

Kindergarten hour is certainly popular with the little folks. Today they made scenes of the park cutting the requirements out of colored paper.

Domestic science class had a good attendance this morning and cooks are "graduating" every minute.

Tennis was played last evening rain or no rain.

Thunder sours milk. That's what lots of campers found out this morning.

Don't lie awake to hear it, but just wake up in time some morning to hear the five o'clock chimes. (Big Bens.)

If the sound sleeping campers don't retire too early tomorrow night they will be treated to a midnight band concert.
