HARD FREEZE HITS MARKETS

RADISHES, ONIONS AND SPINACH NOT TO BE HAD.

Plenty of Other Good Things to Eat Put in Appearance.

The cold weather has been the means of depriving the citizens of a cherished holiday treat in the form of radishes, green onions and spinach. In anticipation of the arrival of these vegetables this morning the retailers yesterday announced their presence on the market, but this morning they were informed that no such luck awaited them as the entire supply available from the Walla Walla commission had been frozen up. There are plenty of good things to be had even at that with a lot of new things on the market. Lucious red

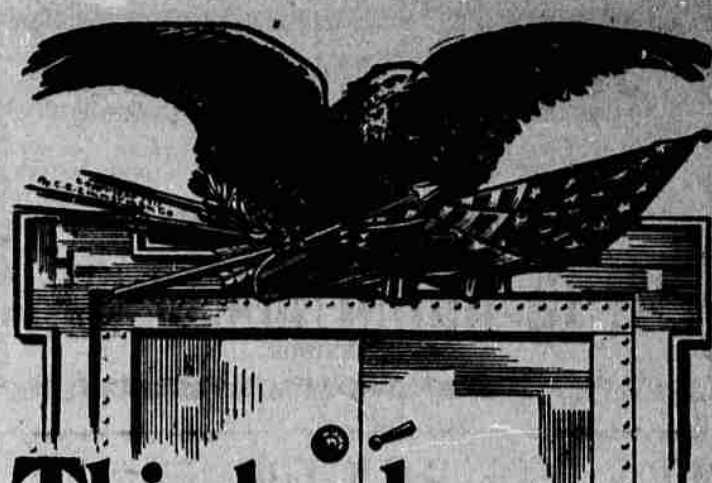

The XMAS GIFT QUESTION IS SOLVED

Don't worry any longer—you wife of an Elk—about what to give your husband for Christmas—And you, Bill Elk, cease wondering what you will give your wife for Christmas. When in Seattle, stop at the Hotel Seattle. We own it.

ELECTRIC LIGHTS WERE INVENTED TO SUPPLY A NECESSITY. ALL OTHER METHODS OF CREATING ARTIFICIAL light were unsatisfactory. Candles were dim and unreliable; gas, dirty and dangerous; kerosene, dull, smoky, odorous and also dangerous to health and property. When electric lights were introduced there was but one drawback. They cost considerably more than other lights. This objection has been overcome and electric lights are now the most economical as well as the most satisfactory light.
