TREE DOCTOR EXPLAINS CURE

HEALTHY TREES REFUSE TO BLOOM—SICK.

Let Up Pruning, Says Prof. Lewis When Such is the Situation.

Oregon Agricultural College, Corvallis, Jan. 21.—It frequently happens that trees apparently healthy and vigorous refuse to blossom or bear fruit. This, according to Professor Lewis, chief of the Oregon Agricultural College division of horticulture, is generally owing to the vitality of the trees. "If your trees are on rich soil," says Professor Lewis, "or if there is too much manure or irrigation water used you may force them entirely into wood. This condition would be apt to be true with many of our apples, in which case it may be years before they will bear. Yellow Newtown, Northern Spy, King of Tompkins County, and in fact many of the apple varieties grown in and near Portland, if taken too good care of and over-pruned, will not bear, at least not until they are quite old.

"The remedy is to let up on the pruning; to prune twice a year distributing the pruning between the early spring and the middle of June to the middle of July. Do not water them too much, and go sparingly on manure. Sometimes these trees are in chicken yards, where the ground has been kept quite moist and is pretty heavily fertilized. Trees under those conditions often do not succeed. "With the cherry trees that bloom and fail to set, I am almost certain that the trouble is pollination. The Black Republican can be grafted into those trees and will help them to set, or you can use a special strain of Waterhouse, which will help these trees to set a crop."

"TIZ" GLADDENS SORE, TIRED FEET

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25 cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.

CLERGYMAN WHO ENLISTED IN NAVY WHEN HE LOST HIS MEMORY, AND HIS WIFE AND CHILD.

Rev. Walter R. Burton, who says he is the pastor of the First Christian Church of Fairmount, Minn., dropped unconscious on Fifth Avenue, New York, the other day and was taken to a hospital. When he was restored to consciousness he told a strange story of loss of memory for a month. He had enlisted in the navy at Key West, Fla., under the name of Richard Hudd, Dec. 26.

The last he remembers, he says, is having a severe headache at his home in Minnesota on Dec. 15. Before that time he had never, he says, been east of Chicago. He explains his enlistment under the name of Hudd by the fact that Hudd is his real name. Burton is the name of his stepfather.

A Minstrel favorite at Arcade soon.

RESPONSIBILITY.

All persons possessing any portion of power ought to be strongly and awfully impressed with an idea that they act in trust and that they are to account for their conduct in that trust to the one great Master, Author and Founder of society.—Burke.

It is meat and drink to me to see a clown. By my troth, we that have good wits have much to answer for.—"As You Like It," Shakespeare.

Men's minds are as variant as their faces. Where the motives of their actions are pure the operation of the former is no more to be imputed to them, as a crime, than the appearance of the latter, for both, being the work of nature, are alike unavoidable.—George Washington.

THE ISLE.

There was a little lawn islet
By anemone and violet.
Like mosaic pavon,
And its roof was flowers and leaves,
Which the summer's breath en-
wined.
Where no sun nor showers nor breeze
Pierce the pines and tallest trees,
Each a gem engraven.
Girt by many an azure wave
With which the clouds and mountains pave
A lake's blue chasm.—Shelley.

Another perfectly good reason for "pure shoes" legislation is that it is so disappointing to an arctic explorer to bite into a boot which he bought at cowhide prices and find that it is imitation leather.

Ethnologists assert that the Indians of ancient Peru had few bodily ailments before the white man came. History shows that the white man at ways has a liberal assortment of diseases to give away.

Our Own Grinding Plant

The mechanical work must be equally as careful as the examination itself. The prescription must be filled with Scientific Precision. This is done in our own Laboratory on the Premises, where we grind all of our own lenses.

We guarantee our lenses to be absolutely correct, scientifically and mechanically.

Fitting and Adjusting.
The glasses must be made up in frames or mountings that will be suited to each individual case. The appearance of the glasses, when worn, must be considered. We provide mountings to harmonize with the features and give handsome and stylish effects.

Specialties.
We prescribe toric glasses when their use adds comfort.
When the eyes require different lenses for near and distant vision, we supply bifocals with an invisible dividing line, so that only a single pair of glasses is needed.
We have all kinds of specialties in frames and nose pieces, shell frames, special designs and shapes to suit and fit all requirements.
