KING COAL

Do you buy coal just to spend your money, or do you want heat units? If so, buy coal **WITH A REPUTATION**

The U. S. Government purchases coal based on British Thermal Units of heat only. If you are interested in your fuel bill call at our office and ask to see a copy of the Government Bulletin No. 22, Department of Interior, Bureau of Mines.

FUEL IS CASH

Yes, we ask cash, because we give you two thousand pounds of coal to a ton, and we know from years of experience that the firm who extends credit on fuel has to cut your weight from 500 to 600 pounds on a ton or go out of business in a short time. We have no scales but pay 10c each load we deliver.—ASK FOR YOUR WEIGHT SLIPS.

FEW HOLDING ON TO WHEAT

WALTER M. PIERCE AMONG THOSE STILL HOLDING

Wallowa County Has Several Crops That Are Not Sold Yet.

A few scattering Grande Ronde valley wheat crops from last year have not been sold, though such sales may be made at any moment now. Such crop instances are few however. Walter M. Pierce holds probably the largest quantity of unsold wheat in this valley. He has been waiting for a \$1.50 offer before letting go. Several thousand bushels are thus being held by him, it is reported.

Wallowa Men Hold On. (Enterprise Chieftain.) There is a farmer living on Prairie creek who is the envy of his neighbors and his acquaintances far and wide. This is C. P. Ragadale. He is holding more than 9,000 bushels of wheat and perhaps 5,000 bushels of barley. He has not put a price on his grain, but he seems to be sat-

isfied to keep on holding with wheat over \$1.25, and still tending higher. W. R. Holmes is still holding nearly 3,000 bushels of the wheat he got as his share from the first crop on some of his hill ranches. He enjoys the sensation of seeing the price climb a little higher day by day. H. B. Davidhiser is also holding considerable of his last summer crop. Considerable grain, in small lots, is still on hand in the north end. John Currey and his son William brought two loads from Flora to Enterprise this week. Mr. Currey had 6,500 pounds behind one four-horse team. The grain weighed 149 lbs. to the sack, in Portland sacks. Mr. Currey will keep 600 bushels or so until after seeding in the spring.

Frank Awaits Court Appeal. Atlanta, Ga., Jan. 22.—Instead of swinging on the gallows today, Leo M. Frank, thrice convicted of murdering Mary Phagan, young factory girl in April, 1913, was in his cell hopefully awaiting the result of his appeal to the United States Supreme Court allowed by Justice Lamar. This was the day last set for Frank's execution. It was the third time he had been sentenced to death. The writ granted by Justice Lamar automatically stayed execution of the death penalty today until Frank's appeal is determined.
