PIANOS
TO PROSPECTIVE PURCHASERS OF PIANOS

In considering the purchase of a piano, would call your attention to the following points.
1.—Buy of the dealer that is here to stay, and has to look you in the eye after goods are tested out.
2.—The old expensive method of hawking goods from town to town, carrying culls from one town to the next, has long since been abandoned by houses of repute.
3.—Richey Piano House will be glad to compare prices and goods with transient dealers.
4.—Why should not the following clipping apply to the piano business as well as to other lines, read and reflect:
(Clipped from La Grande Observer)
SWAT THE GRAFTER.
The remarks made last evening at the Commercial club dinner concerning the grafter who comes to the Grande Ronde to sell town lots in some distant city; stock in wireless telegraph; kitchen cabinets or Mexican rubber were very appropriate. When the speaker said if all the money sent from this valley to grafting concerns had been placed in the local banks there would be money for every enterprise and some to spare he told the absolute truth.
The Commercial club could do no better thing than to stamp all salesmen of stocks, bonds and real estate from afar with that banker's stamp, "counterfeit" and let that odium remain until the salesman proved differently.
Will guarantee prices as low as the lowest, and you can always get the so-called special prices, investigate as there is no hurry.

in the house. Think of the pleasure and the education that can be derived from one of these instruments. New records coming out every month, so you will never weary.
Come in and hear one of these machines play. In clearness and distinctness, as well as beauty of tones, no machine has yet been made to equal these in their faithful reproduction of the original selection.
