Good Things To Eat With The Hard Work Done Before You Begin

Not only a saving of time and money to be able to buy in convenient form, scientifically compounded. Do Nut Flour all ready to bake, but it disposes of all measuring and mixing of all the different ingredients.

Priscilla Prepared Doughnut Flour

Costs you 25c a package. Each package will make from 4 to 5 dozen doughnuts. You add to this flour nothing but water. This means that you are not compelled to make trip after trip to the pantry for flour, sugar, salt, baking powder and to the ice box for butter, milk and eggs, not to mention collecting the utensils used in beating eggs, etc., which after all, is merely "getting ready" for the real business of rolling out and frying.

Order a trial package, our phone number is Main 80.
