

**SPRING AND SUMMER WAISTS
MADE SEVERELY PLAIN, FULL**

Belt and Peasant's Basque Quite the Thing—Smart Outfit Has Covered Buttons Up the Front.

A Frock Severely Plain but Smartly Stylish.

Braiding Proves Effective Trimming on this Dress.

good taste, a quality which American women demand before all others.

The second illustration shows a dress with the ever-fashionable surplice closing waist. The skirt is gored with the stylish flare at the lower edge and the waist is cut slightly short. The braiding on the waist and skirt is done with the round silk braid, which is having a vogue even stronger than the soutache braid.

The separate blouse is made on the same severe line of the bodices of frocks. They are made of crepe de chine and voile and chiffon cloth over a thin silk lining. Small cloth-covered buttons to match the material of the waist and the pockets, sometimes made with a fancy flap, are the only trimming. They are often buttoned from the top of the high collar to the waist line, while others are made with the low collars. Organdy is combined with butter-colored lace. Honiton braid in this same color is used as an applique on white organdy and black mousseline de soie.

The wool fabrics for spring are largely plain fabrics. Serge, that wonderful standby, is one of the first sellers, together with gabardine. Chiviot is the novelty, and a very practical one. Checks in black and white. A very fine invisible check is considered very smart, it comes in many smooth fabrics, like prunella and novelty chiffon broadcloths or lady's cloth.

The styles of the summer dresses make it a certainty that embroidery and lace founcing will be used a great deal in their development. The embroidery founcings have a background of voile and crepe as well as very sheer lawn or batiste. Organdy, too, is embroidered and makes a light and airy founcing for summer dresses.

INTERIOR IS CHANGED

Security Land and Savings Co. Is Re-arranging.

Carpenters are busy today on the re-arrangement of the interior of the Security Land and Savings Co. offices in the La Grande National Bank building. The several rooms inside have been removed throwing the interior into one large well-lighted office room containing a long counter on the side and one across the front. A number of desks have been installed and several real estate men will have offices there, as will also the Commercial club. The club's secretary David Clark, will be on the job constantly and his window display of Grande Ronde products will be kept fresh and bright.

No Cause To Worry

"And are the divorce laws so very liberal in your section?"
"Liberal? Say! They are so liberal that nobody ever heard of a woman crying at a wedding out here."
