CALIFORNIA RADISH HERE

FAIRLY GOOD QUALITY OF REL-
ISH OFFERED.

Retailers and Consumers Each Hold-
ing Breaths Over Flour.

California radishes are here, and al-
lowing for the distance shipped, are of
fairly good quality. They retail at
five cents a bunch and the bunches are
not distressingly small, either. The
season is so far advanced that when
the week-end shopping is done to-
morrow, there will be enough lines
to pick from to make one think of
good April offerings.

There are but few changes any-
where, the dealers and consumers
holding their breath as to flour prices
only. Other commodities of trade
have assumed an even tone.

ELECTRIC LIGHTS WERE INVENTED TO SUPPLY

A NECESSITY. ALL OTHER METHODS OF CREAT-

ING ARTIFICIAL light were unsatisfactory. Candles

were dim and unreliable; gas, dirty and dangerous; kero-

sent, dull, smoky, odorous and also dangerous to health

and property. When electric lights were introduced there

was but one drawback. They cost considerably more than

other lights. This objection has been overcome and elec-

tric lights are now the most economical as well as the

most satisfactory light.
