**RIGHT OF WAY
CLEANUP IS ON****COMPANY GIVING ITS LINE
SPRING DRESSING**

Careful and Minute Attention Given to Policing Right of Way.

Completing a general clean-up of the right of way throughout this division of the O-W, officials in La Grande today pointed with a great deal of pride to the fact that railroad possessions had undergone the cleansing for spring and expressed a wish that everyone owning property adjoining the right of way would catch the spirit and clean up all the rubbish.

Some may think this is done on account of the heavy passenger traffic anticipated for the Frisco fair, in order that a better appearance of the country may be presented, but that is not entirely true. It is now an annual order from the railroad to all divisions that early in the year a clean-up shall be prosecuted. However, the visitors to the fair will no doubt enjoy the cleanly appearance of things and in this way there will be a benefit.

Different from eastern railroads are the railroads of the west. They inaugurate many new reforms that heavy dividend payers of the east

do not pay any attention to. Many newspapers from the far east are lambasting the transportation lines of that section for the unsightly right of way, the lack of neatness about their depots and buildings, but in the west it must be admitted that the railroad takes the lead in such movements.

The final work in cleaning up the right of way through La Grande was completed today.

GOOD TIME AT SOCIAL

Excellent Program Rendered at Law and Order League Meeting.

Those attending the basket social of the Law and Order League of Union County, last evening in the Methodist church, enjoyed an excellent musical program and heard several short speeches of real merit. The baskets sold readily and a jolly hour was spent at lunch after the program. Mr. Emahiser of the Oregon Grocery company, furnished Royal Club coffee which was deliciously prepared by Mrs. E. S. Norris.

The musical program follows: Selection, male quartet. Piano solo, Miss Hilda Anthony. Vocal solo, Mrs. George Huntington. Vocal solo, Miss Richardson. Selection, by quartet.

SO DECEPTIVE

Many La Grande People Fail to Realize the Seriousness.

Backache is so deceptive. It comes and goes—keeps you guessing. Learn the cause—then cure it. Possibly it's weak kidneys. That's why Doan's Kidney Pills are so effective.

We present the following case as proof: Mrs. S. E. Wall, Union, Ore., says: "My kidneys got so weak that my

system seemed to be running down. I had great confidence in Doan's Kidney Pills, and after using them for a while, I was cured. Doan's Kidney Pills have benefited me several times since, when my kidneys have given out. I am in the best of health now, and give Doan's Kidney Pills the credit."

Price 50c, at all dealers. Don't simply ask for a kidney remedy get Doan's Kidney Pills—the same that Mrs. Wall had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

MONSTER SAWLOGS

Record Logs Went Into the Mill at Perry Yesterday.

Perry, March 10.—(Special.)—Yesterday the Grande Ronde Lumber company sawed the two largest logs that have ever seen the mill. These logs contained nearly 300 feet each.

A Matter of Figures

Albany, Ore., March 10.—"Twenty-four quarts of beer equals 36 quarts." This was not what the legislature intended when it passed provisions for the enforcement of the prohibition constitutional amendment adopted by the people last fall, but a bibulous Oregonian has demonstrated that he is more efficient in mathematics.

The law provides, among other things, that 24 quarts of beer may be shipped into the state to a single individual or family each month. The legislature decided upon this number of bottles, so that the usual kind of cases could be used.

The mathematical chap, however, doped out that the so-called quart bottles do not contain a full quart, and that on this account each person is entitled to 36 bottles.

A Specific Against Colds

"If there is such a thing as a specific against colds, it is to be found in the sleeping porch or the open bed room. Next to that comes the cold sponge bath in the morning," says the Youth's Companion. Be as careful as you can and you will occasionally take cold and when you do you will find Chamberlain's Remedy a great help in enabling you to get rid of it. Try it. Obtainable everywhere.

Fair Visitors Return

James Ainsworth, of Mt. Glen, who has been attending the fairs in California, returned home yesterday and speaks very highly of the prospects for the Panama exposition. He was gone about two months.

Illness Draws Near End

Mt. Glen, March 10.—Eva Chadwick is recovering after a long and serious illness.

Sunday is Chuckling

Minneapolis, Minn., March 10.—People here are chuckling about the little differences between Billy Sunday and Walter C. Edgar, editor of the highbrow Minneapolis publication, The Bellman. The story is told that while Edgar was in Sunday's

To Reclaim Million Acres

Benidji, Minn., March 10.—One million dollars will be spent in Beltrami and adjoining counties by the state of Minnesota this spring, to reclaim 1,000,000 acres of land; which if free of water, would be among the most fertile. State land experts estimate that the value of the reclaimed land during 1915 will be \$6,000,000 but that before the end of 10 years, will be \$100,000,000. This estimate by the state experts is based upon statistics of other land value increased in Minnesota.

The majority of this land to be reclaimed is in the northern part, or adjoining the northern part of Beltrami county, which in itself is 156 miles long. Some of the strip to be reclaimed extends over to St. Louis county, which is larger than the combined area of Connecticut and Rhode Island.

The scheme for reclamation of this land, at present a continuous swamp of several hundred miles breadth, includes the division of the vast expanse into sections, each section to be divided by roads, at the side of which is a deep drainage ditch. These ditches at every four sections meet and the object is to get the flow into Red Lake, the second largest inland lake, entirely within the United States in the nation.

Red Lake is shallow. This will necessitate a plan for getting the flow of water from Red Lake south, and eventually through the Mississippi river. This includes widening of the channel of the tributaries of Red river, now opening out of Red Lake, and eventually emptying into the Mississippi river. Another plan is to bring the water through a canal, directly through the Northern Minnesota divide and emptying into Lake Bemidji, to the Mississippi river which flows through a distinctive channel of its own. By narrowing the channel of the river, it is believed that the Mississippi river at this point will be able to handle the flow of the water.

It is estimated that the entire work of reclamation will be completed in 10 years. Cutover timber coupled with the swamps form an additional impediment.
