ELECTION LAWS MADE BETTER

Salem, Or. Mar. 15.—Important changes in the election laws simplifying the registration and election

Yes, Mr. Jones is still sick

GOING on his ninth week now. But he doesn't want for anything. You know I'm buying him the best there is, just as if nothing had happened.

He never earned a big salary, but he always kept up his AETNA ACCUMULATIVE DISABILITY POLICY. It doesn't cost much, and here it is paying us \$25 a week every four weeks.

We won't have to break into our little savings account, because of that policy. It certainly has relieved us all, I tell you.

AETNA-IZE

machinery and making material reductions in the expense, were enacted at the recent session of the legislature. The new law providing for the conventions an Presidential Electors will save the state about \$10,000 a year, for, under it, each person so honored must pay her own expenses. House bill 227, introduced by Representative Childs, of Linn County, which provides for two judges of election instead of three, it is estimated, will save the state \$20,000 each year.

Just what savings the permanent registration law will effect is difficult to estimate, but it should be a material one. The law while not considered a perfect one, is regarded as a "step in the right direction," to use the pet phrase of state senator Kellaher, of Portland. It provides that in registering the electors the County Clerks shall use the card index system. The County Clerks shall register any qualified electors whom may request to be registered at any time after the first Monday in January, 1916 to within 30 days preceding any general or primary election.

As a result electors desiring to vote in the primary May 1916, will have only about three or one-half months to register. With more than 300,000 voters in the state the Clerks will have their hands full registering all who apply in that time.

An elector living in a county having less than 100,000 inhabitants may register election day by obtaining the affidavits of two freeholders who are personally acquainted with him as to his qualifications. In counties having more than 100,000 inhabitants electors may register election day by obtaining the affidavits of six freeholders as to their qualifications. In the former case the registration shall be transmitted to the County Clerks and if found to be in accordance with laws, they shall be filed in the register of elections. Such registrations in counties having more than 100,000 inhabitants will not be regarded as permanent. Electors living in the county seat shall register in person with the County Clerk. Those who do not shall register without charge before an official registrar in the county or with the County Clerk.

Electors absent from their county may register before any notary public or County Clerk in the county where they may be. In such cases the

notary public or County Clerk shall mail the affidavit of the elector to the County Clerk of the elector's county and may collect a fee not to exceed 25 cents from the elector.

Nomination of Presidential electors is from the state at large, and each voter will be entitled to cast his ballot for the number of electors allotted his party. The provision under the present law which authorizes the state to pay the expenses of the delegates is repealed and henceforth they will have to pay their own expenses, as they do in other states.
