SPRING COATS & SPRING COATS

When you buy yourself a new coat you are particular as to who makes it, how it is made and what quality of material is used. You depend largely on the reputation of the maker. Why not use the same care when you buy a coat of paint for your house. The amount of money is as large and the length of time it will be used is greater. Get Sherwin-Williams paint, stain, enamel or varnish and you get satisfaction. Sold at

THERE IS A REASON WHY

On the 6th of April we will have completed another year of successful grocery business in La Grande. We find that our business during the past year has been the largest in our history. We also find that during the past year we have returned to our customers \$2490.00 in actual cash by giving a 5 per cent cash discount on all purchases. 5 per cent of what you spend for groceries every year amounts to several dollars. It is just that much hard earned money in your own pocket.

Are you reading an interesting series of United States Cream Separator advertisement running in Observer columns, one of which appears in this issue? For all who are anxious to make their dairy profits greater these ads contain things well worth knowing. The United States Cream Separator has so many features that appear to be unusually important and so different from anything found in other separators you certainly ought to investigate this machine before buying any other. Union County Co-operative store, having the selling agency for this vicinity, would be very glad, indeed, to show you. The United States Cream separators have been manufactured for twenty-five years. The improved separator now being advertised is the perfected product of that experience.—Adv.
