Springtime

SPRINGTIME is the most important season of the year to the man who loves life and is interested in the world's affairs. Nature changes her mantle of snow for a bright new garment. She knows she has work to do and starts out by dressing up in her best. Man can always learn from nature. He should be prepared when he throws off his overcoat to appear in pleasing new clothes. It makes him feel better and look better and gives him greater confidence in himself.

THE MAN

THE man who cares about his appearance—and every man does to a certain extent—wants a suit made to his own measurement. He should be particular enough to know what he wants and insist that he gets it—not be satisfied to take something "just as good." When you order your Spring suit, insist upon seeing our complete line of tailoring samples out of BORN'S BLUE BOOK—the sign of Good Clothes, Fit and Satisfaction, absolutely guaranteed. 300 samples to choose from. 100 large samples to look at prices **\$14.00 to \$37.50**
