## Palmer Lands

Why go to Canada, or to Central Oregon, or anywhere else, when you can buy better land for less money and stay in Union County. Compare the following facts about Palmer Logged-off Lands with any other new lands. Let us explain more about these lands.

**PRICE**—Only \$15.00 per acre.  
**TERMS**—One-tenth down and one-tenth each year, interest 6 per cent.  
**LOCATION**—In Union County, 10 miles from Elgin, 30 miles from La Grande, 1 to 4 miles from Palmer Junction where there is a general merchandise store, postoffice, railway station on the O.-W. R. & N. with daily mail, passenger and freight service.

**ALTITUDE**—2600 feet. (Lower than La Grande.)  
**CLIMATE**—Mild, no wind, 30 inches rainfall, no late frosts.  
**SOIL**—A mixture of volcanic and pine ash varying from 2 to 5 feet deep, with a clay sub soil that holds the moisture and keeps the soil damp all summer.

**CLEARING**—Palmer lands were cut over several years ago; and the white pine stumps, having no tap root and being filled with pitch are easily burned or pulled.

**WATER**—These lands are well watered from springs and living creeks, while good well water is found within a few feet of the surface. This is a dry farming country with plenty of rainfall.

**CROPS AND STOCK**—A natural hay, grain, stock and dairy country. Cattle, sheep, hogs, horses and poultry have been raised with fine success. Vegetables, potatoes, berries and fruit are also grown with excellent results.

**WOOD**—There is plenty of timber for building houses and barns on nearly every place and to furnish wood for many years. Some places have enough wood to pay for the land.

**SCHOOLS**—There is a good school in the center of these lands which is to be increased to a nine months school.

**SETTLERS**—About 2500 acres of these lands have already been sold and at least 20 families are now or will be living on their places this spring.

## SIREN ALARM GIVEN TRIAL

WALLOWA EXPECTS MODERN SYSTEMS.

News Items of General Interest from Wallowa Town.

Wallowa, Ore., April 4.—(Special)—The electric siren fire alarm which was ordered a few weeks ago, arrived last week. It will be wired and tested before any arrangements are made for installing it permanently, for if it does not prove satisfactory, it will be returned. If permanently installed, there will probably be several different places in town where an alarm can be turned in, if a fire breaks out.

The Shell Merchandise company's store has been changed considerably during the past week. The stairway which was in the back part of the building has been moved to the outside. A new door and window have been put in the east side on Storle street, and the grocery department to this part of the store, from the west side of the building.

The senior class play "The Brookdale Farm" was presented at the gymnasium, Friday night, before quite a large crowd. The play was a success and a neat sum of money was cleared, which will be used toward paying the expenses of the gym.

A deal was transacted Thursday, whereby A. M. Smith bought the meat market belonging to L. W. Minor, and also the one belonging to J. L. Maxwell. He will vacate the one formerly owned by Mr. Minor, and will do business in the other one.

The wet weather during the past week has made very little track work possible. If the weather is still bad next week, the class meet may be postponed until a week later.

## Are You Going To Build?

Two great questions to the prospective home-builders are "How much is your home going to cost," and "what will be the cost for repairs in the future." There are two ways to build, the cheap and inexperienced way, and the good and substantial way which means good workmanship and good material.
