FLOUR PRICE IS UNCERTAIN

DROP NOT EXPECTED ALONG INTERIOR POINTS

Rhubarb and Spinach Have Prices Cut from Them.

Uncertainties in the flour market are the order of the day in interior points following the slight slump in Portland yesterday. Wholesalers had received no word here at 11 o'clock this morning from Portland dealers.

It is believed here that the cut at Portland was principally a momentary one resulting from a sudden drop in wheat. If wheat recuperates it is not likely the depression will reach interior points.

Spinach and rhubarb are two commodities of trade on the grocery boards that are showing tendencies of depression, and both of these articles are selling slightly cheaper today than previously.

Palmer Lands

Why go to Canada, or to Central Oregon, or anywhere else, when you can buy better land for less money and stay in Union County. Compare the following facts about Palmer Logged-off Lands with any other new lands. Let us explain more about these lands.

PRICE—Only \$15.00 per acre.

TERMS—One-tenth down and one-tenth each year, interest 6 per cent.

LOCATION—In Union County, 10 miles from Elgin, 30 miles from La Grande, 1 to 4 miles from Palmer Junction where there is a general merchandise store, postoffice, railway station on the O. W. R. & N. with daily mail, passenger and freight service.

ALTITUDE—2600 feet. (Lower than La Grande.)

CLIMATE—Mild, no wind, 30 inches rainfall, no late frosts.

SOIL—A mixture of volcanic and pine ash varying from 2 to 5 feet deep, with a clay sub soil that holds the moisture and keeps the soil damp all summer.

CLEARING—Palmer lands were cut over several years ago; and the white pine stumps, having no tap root and being filled with pitch are easily burned or pulled.

WATER—These lands are well watered from springs and living creeks, while good well water is found within a few feet of the surface. This is a dry farming country with plenty of rainfall.

CROPS AND STOCK—A natural hay, grain, stock and dairy country. Cattle, sheep, hogs, horses and poultry have been raised with fine success. Vegetables, potatoes, berries and fruit are also grown with excellent results.

WOOD—There is plenty of timber for building houses and barns on nearly every place and to furnish wood for many years. Some places have enough wood to pay for the land.

SCHOOLS—There is a good school in the center of these lands which is to be increased to a nine months school.

SETTLERS—About 2500 acres of these lands have already been sold and at least 20 families are now or will be living on their places this spring.
