IMBLER CLEANS ENTIRE CITY

WHILE 75 MEN WORK THE LADIES COOK.

Mumps Continue to Raise Havoc—Other Interesting News Items.

Imbler, Oregon, April 9. (Special)—Thursday, April 1, Imbler was raked, burned and hauled away, as it were. Business houses closed, other private work halted and about 75 men went systematically to work, raking, burning and in other ways getting rid of the winter's accumulation of debris. At noon a halt was called and the laborers were a veritable wheel with the chicken pie dinner forming the hub. The old-fashioned, get-together community-feed was such a success that the ladies invited the sanitation squad to return at 5 o'clock and duplicate their noon performance. Needless to say, they returned and yet there were "baskets of fragments." One lone Wandering Willie was persuaded to use a rake till noon, but succeeded in making his get-away almost immediately after. The school turned out and gave their 5-acre playground a thorough cleaning. The people expressed practically a unanimous wish to make this day an annual clean-up day—including the chicken dinner.

Sunday evening the M. E. Sunday School rendered an Easter program to an audience which taxed the capacity of the church, about fifty occupying standing room. The program consisted of recitations, two choruses, a sextet, a pantomime, and two tableaux and was well rendered. Following is the complete program as given:

- Song—Audience.
- Recitation—Velma Conklin.
- Recitation—May Bingham.
- Recitation—Minnie Watkins.
- Sextet—"Come Where the Lillies Bloom."
- Recitation—Rena Dornberger.
- Tableau—"Abide With Me."
- Talk on Easter—W. V. Connor.
- Song—"Easter Day."
- Recitation—Anna Crouser.
- Recitation—Eula Watkins.
- Pantomime—"Abide With Me."
- Tableau—"Mary and Martha at the Tomb."

Mumps are with us again, George Conklin and Ned Stringham each enjoying a double portion, the latter having been in school the day previous to discovering the fact. As yet it is not known whether the pupils in the one room are exposed or not. So far the school has been fortunate in escaping all epidemics.
