WHO ARE CALM PEOPLE?

President Wilson places his trust in the calm people. So he told a church convention, liking the calm people to stabilizers in aeroplanes which kept the machines steady against all the gust that blow.

Both presidents were correct in believing that there is a static force in a democracy. A surprising number of people refused to become excited. They take everything with a grain of salt—public speeches, demonstrations, new ideas, agitations. They are the despair of reformers, the distress of fanatics.

revolutionary movements by the possession of property in varying amounts. These include nearly all farmers, who are doing very nicely on present prices; merchants, traders, middlemen, owners of income-earning securities; and many millions of well paid and frugal employees who have progressed to the point where they are not entirely dependent upon their salaries.

Progress calls for two kinds of folks the calm and the strident. The motors and the brakes. Too many calm people would mean a sleepy nation. For twenty centuries China was a nation composed entirely of calm people, which accounts for its present attitude of helpless humility.

of the preparation of the road and has a crew of men to work already.

A site for the bleachers has been selected and from there the spectators will be able to see the riders for practically five miles out of the seven. This feature is what the club expects to make this race the most popular of all the races in the Northwest and a huge sign board is being erected on the ground chosen for the bleachers, which gives the name of the race course, the date of the race, and the prize money. Further plans will be announced at the meeting of the club Friday night.

AID THE KIDNEYS.

La Grande Suffers Should Take No Further Risk.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor,—why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now, for gravel, dropsy or Bright's disease may set in and make neglect dangerous. Can La Grande residents demand more convincing proof than the following?

Frank Allen, Union, Ore., says: "Havi work strained my back and weakened my kidneys. The trouble got a little worse each year. There were constant grinding pains in the small of my back, and my kidneys were badly out of order. When the trouble was at its worst, I tried Doan's Kidney Pills. They helped me right away, and I continued taking them until every symptom of kidney trouble was gone. For nearly three years there has been no sign of the trouble, so I feel I can safely say my cure is permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Allen had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

Are You Going To Build?

Two great questions to the prospective home-builders are "How much is your home going to cost," and "what will be the cost for repairs in the future." There are two ways to build, the cheap and inexperienced way, and the good and substantial way which means good workmanship and good material.
