## Baking Powder Biscuits

Light as a Feather

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Baking Powder Biscuits made by this recipe are so far ahead of ordinary baking powder biscuits that, if once tried, you will never use any other recipe. Try it the next time you run short of bread. Save this recipe.

K C Baking Powder Biscuits

Three cups flour; 1/4 to 1/2 cup shortening; 3 level teaspoonsful K C Baking Powder; about 1 cup milk or water; 1 teaspoonful salt.

Sift three times, the flour, salt and baking powder. Work into the flour the shortening, using lard or butter for shortening. Then mix to a very soft dough with the milk. The softer the biscuit enters the oven, the lighter it comes out. Never knead baking powder biscuits; press the dough into shape and roll lightly. Cut in small shapes and bake on a sheet or very shallow pan in a hot oven. In placing biscuits in the pans place well apart, not allowing edges to touch. Small biscuits are better than large ones. Large biscuits do not have the proper amount of time to raise and bake.

Have you seen the new K C Cook's Book? Brimful of appetizing recipes that simply must be successful every time if the few simple directions are carefully followed. You would gladly pay 50 cents for this valuable book, yet we read it absolutely free upon receipt of the colored certificate packed in every 25-cent tin of K C Baking Powder. JAGGER MFG. CO., Chicago. Small cans do not have Cook's Book certificates.

**Smoke tobacco, not tabasco!**

**You listen to this:**

There isn't anything the matter with your smokappetite. You try Prince Albert in a jimmy pipe or rolling a few makin's cigarettes before you do the next thing. And you'll wise up to what the doctor ordered! For P. A. in a cigarette or a pipe is a wonder—so bully in flavor and fragrance. And it's easy to roll, because it "stays put."

Unlike any other tobacco, Prince Albert can't bite your tongue and can't parch your throat. That's cut out by a patented process. No other tobacco can be made like

**PRINCE ALBERT**  
the national joy smoke

Everywhere you travel throughout the nation you'll find more men smoking pipes than ever before. Since P. A. hit the turf, less than five years ago, three men now smoke a pipe where one smoked before. What's the answer? Just you get your tidy red tin, fire up a few loads of "the national joy smoke," and you'll wise up so quickly you'll think you've been napping for the last few years. And that's no idle dream! Now do that little thing and get going in the right direction!

Just buy P. A. like you never had smoked any other brand. The dealer's wise. Say "P. A. for mine." In the tippy red bags 5c a tidy red tin 10c; also in handsome pound and half-pound tins. You'll get acquainted right well on the second fire-up. On?
