Clean-Up Day.

"Oh yes. I have gathered up all my old tin cans and thrown them on the neighbor's lot."
Next week is clean-up week. That means we will haul off the rubbish if properly boxed or sacked. Don't use wool sacks or piano boxes.
Will begin m. on, by through or for Old Town, Monday morning and work north. This means Clean-Up this week and have stuff all ready when teams reach your section.
Please don't ask us to help gather up. We are now so good that prisoners are scarce as hen's teeth. If you have a full load please hire the

scavenger. He is trying to make an honest living. You may burn rubbish until Saturday evening of next week without a fire permit. Provided you keep off paved streets but of fire limits and away from buildings. Don't burn when the wind is blowing.

General Manager.

WALLOWA NEWS

Wallowa, Ore., April, 10.—Last week F. S. Underhill sold his new residence property in the McDonald Addition at third and Douglas street to Rev. Throw. This is one of the finest residence properties in town, the house being of the bungalow type, and modern throughout. Mr. Throw took possession of the property at once, and moved in the first of the week. Mr. Underhill moved into the house formerly occupied by Olaf Hendrickson, which he will rent for the present, as he may decide to build another house later on.

The Wallowa Garage and Machine Shops started operations again Monday, after being idle for nearly two years. E. H. Smythe and Earl Schaeffer have rented this establishment and will conduct a general blacksmithing and automobile repairing business.

The debaters who will represent the Wallowa high school in the county debate, were selected last Friday.

day. Grace Hall and Mary Littlefield were selected on the affirmative, and Ralph Couch and Frank Ballard on the negative. The question is: Resolved that the Military equipment of the U. S. should be materially increased. No seniors were considered, in selecting the team, as it was thought the preparation for the graduating work, would take most of their spare time.

The class track meet will probably be held Friday afternoon. The weather has been good lately, and the squad is rapidly rounding into good condition, though prospects at present do not seem any too bright, and the records made in the meet will probably not be anything out of the ordinary.

Rex Manager Comes.

Professor Earl T. Brown, of Spokane has leased the Rex hall in this city from D. H. Steward and be-

ginning Saturday night will not only hold regular dances but will instruct all pupils who wish to learn dancing. This includes the very latest dances as Professor Brown is reputed to be a past master in the art.

He has a large dancing academy in Spokane and has followed this profession for the past twenty years. He is a member of the International association and the American National association. For some time he has considered coming to La Grande and today he and Mr. Steward finished negotiations for the lease of Rex hall which means that Professor Brown will run this hall in connection with his Spokane work.

In speaking of the hall Professor Brown said he had never seen such a splendid hall for dancing in a town of this size and frankly admitted that even Spokane at the present time has not such a dance hall.
