CARLOAD RECEIVED IN PORTLAND

Trade Review from Portland Shows Eggs Plentiful

Portland, April 21.—Front street reports in more egg supplies today than for some time past. This is believed to be due to the fact that the storage interests have been securing more than they were able to take care of. Prices about the same.

**Brief Notes of the Trade**  
Chickens continue firm.  
Asparagus trade is holding steady.  
Potato market firm at unchanged prices.

Interest in hops slightly increased. Increased inquiries are shown for canned fish.

Two cars of strawberries, both from California, arrived on the local market today and prices were lower. One car came from Los Angeles and the other from Fresno. Sales of the former at \$2.25 and the latter at 75¢ @ 85¢, according to size of crate.

**FRUIT.**  
Strawberries 25 cts box  
Oranges—20 to 50c a dozen.

Fancy bulls.....4.50 @ 5.00

### SHEEP.

Best yearlings.....6.85@7.00

### BAKER DOGS SUFFER

Open Season Declared On Canines at Baker Too

Baker, April 21.—The open season for unmuzzled dogs has been declared. Chief of Police Jackson laid in a fresh supply of shotgun shells and revolver cartridges this morning, and announced that any dogs found at large without muzzles, would be shot on the spot. The members of the Baker police force have received instructions to this effect.

"We haven't time to remonstrate personally with the owners of dogs," the chief said. "There is too much danger from hydrophobia to take any chances, and people who do not live up to the law will pay the penalty by losing their pets."

## EFFECT OF GREAT KIDNEY REMEDY IS SOON REALIZED

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the "La Grande Weekly Observer." Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Adv. 4-22-15

## United States National Bank

LA GRANDE, OREGON

### A FEW FACTS FOR YOUR CONSIDERATION

- First. That systematic saving pays. A deposit of \$5.00 a month for five years, with 4 per cent interest computed semi-annually, will yield you \$332.27. Ten dollars a month for the same length of time will yield \$664.60, while in ten years you would have \$1,474.76.
  - Second. The safety of your money. The well known character and ability of our board of directors is a sufficient guarantee of honest and capable management.
  - Third. That we take any amount from \$1.00 upwards.
  - Fourth. That your money is payable on demand.
  - Fifth. That we pay 4 per cent interest on Certificates of Deposit and Saving accounts, crediting the interest on the Savings accounts on the first day of January and July in each year.
  - Sixth. That we extend to our patrons every courtesy and accommodation in our power consistent with good banking, and
  - Seventh. That we are under Government inspection. We respectfully solicit your business.
- T. J. SCROGGIN, Cashier.

Near Sixth.  
ON DIRECT CAR LINE TO EXPOSITION AND DEPOTS.  
San Francisco, California.  
Take Universal Bus or Taxi to hotel at our expense.

# THE UNITED STATES CREAM SEPARATOR

Holds the World's Record

# A MODERN Not a "Disc" Separator

- MODERN—Because not "Disc" Type.**  
When you buy the "United States" you get a Cream Separator with modern improvements. Separators of the disc type were originated many years ago. No recent improvements of importance have been made on them.
- MODERN—Because Latest Patents.**  
U. S. Separators are manufactured under the most recent patents on separators that are effective. All basic "disc" separator patents are old and have expired. This accounts for the unrestricted use of this type by many manufacturers.
- MODERN—Because of Vertical Blade System**  
The "vertical blade" skimming device and the "disc" skimming device are the two systems mostly used in cream separators. The vertical blade system, as used in U. S. Separators, completely overcomes the defects found in disc bowls. The vertical blade is the modern system, and fully protected by patents.
- MODERN—Because no Central Core in Bowl.**  
The U. S. bowl has an open center, without cumbersome central core, split wing, or discs, on, or between which cream lodges. U. S. bowls flush perfectly.
- MODERN—Because Uses Bowl Chamber Liner.**  
The United States Cream Separator is the first to adopt this liner. It makes the separator much easier cleaned, and is the only way to keep it strictly sanitary. It has the approval of the Board of Health.
- MODERN—Because of Nickel-Silver.**  
The use of Nickel-Silver in the U. S. skimming device makes for easy cleaning, and does away with rust, thereby meeting the requirements of sanitary laws. Steel discs rust badly and contaminate milk and cream, and are hard to keep clean.
- MODERN—Because Mechanically Washed, Sterilized and Dried.**  
The U. S. is the only separator adapted to mechanical washing. This process also sterilizes and dries the bowl. A mechanical washer furnished free with every U. S. Separator.
- MODERN—Because Skims Nature's Way.**  
The U. S. is the only well known bowl that skims nature's way—cream to top, skim milk to bottom. We haven't known of anyone improving on nature. Have you?
- MODERN—Because the U.S. is Self-Draining,**  
never any sloppy mess over person or floor when taking the bowl apart.

Demonstration gladly given right at your home. No obligation.
