CLEANUP MADE CHURCH THEME

MINISTERIAL ASSOCIATION TO USE APROPOS SUBJECT

On Heels of City's Cleanup, "City Beautiful" Made Themes

Delicious!—Cooked by Electricity

"This is the finest steak I ever tasted."
"Why, Harry, it's my 'Hughes 33.' I find new things about it every day. Now this steak is broiled on top with live, radiant heat. The juices can't run off before the surface is seared. The broiler slips right out and I turn it over. Then when it is done, I turn off the current and it keeps nice and hot in the oven till you get home."

Hughes Electric Ranges

The Hughes Electric Range, Mr. Master-of-the-House, not only saves hours of work each day—not only brings a cool, clean, sanitary kitchen, but adds the perfecting touch to cooking. The heat is uniform—always the same so it cooks evenly and thoroughly. It really roasts and broils meats where other ovens bake. The live, red heat by direct contact sears the surface and retains the flavor.
Remember that a Hughes Range preserves health and beauty. The foods are heated—not the kitchen and the cook. The fire is absolutely soil-less. And the kitchen is as cool and pleasant as the parlor.
Come into our office and see this range. We will give you facts that will astound you.

Eastern Oregon Light & Power Co.

And the cost of installation and maintenance is moderate. By all means come see and learn about this wonderful stove.
A problem for La Grande families to solve: Can you afford to use a wood or coal range with all the dirt and work attached, when you can use a Hughes Electric Range with all its convenience and cleanliness at practically the same cost.
