Our instructions to the famous editor of the Boston Cooking School Magazine were: "Get up a book of recipes of the things people like best. Find the best way to make and bake each one. Then write it out so plainly that even an inexperienced housewife can't have a failure."

"The Cook's Book" was the result. Some of the 90 recipes were originated, many of them were improved upon, and all were personally tested by this best known authority on cooking in America, and she tells so clearly how she made everything that one cannot go astray.

While some of the cakes and pastry are elaborate enough for any occasion, the recipes are all thoroughly practical and call for no expensive and unusual ingredients. In addition to telling how to make them, the book is beautifully illustrated in colors showing how to arrange and serve the dishes appetizingly.

More than half a million of "The Cook's Book" are now in use in American households. Yet the demand is constantly increasing. Many send for two or three at a time to give to friends or young housekeepers. Don't depend on borrowing one from a neighbor—have one of your own.

How to Get "The Cook's Book"

In every 25c can of K.C. Baking Powder is packed a colored certificate. Send us one of these certificates (paste it on a postal card if you like) with your name and address plainly written, and "The Cook's Book" will be mailed free of charge. Only one book for each certificate.
