In La Grande, coal sells for \$8.00 to \$10.00 a ton, and wood in proportion. When we say the Hughes Electric Range actually competes with coal and wood here we know exactly what we are talking about. Ask those who are using the Hughes ranges in La Grande.

Canadian Angler Arrives too Late. Oregon City, May 5.—Ralph Hendricks, of Canada, was an arrival yesterday afternoon in this city. He is making a tour of the Pacific coast, and having been told of salmon fishing at the Willamette Falls, came here to try his luck, but too late. Next year he will return to fish, he says.

Cheaper to Buy. (Lakeview Herald.) And now the city of Klamath Falls is up against another damage suit. This time it is Mrs. E. M. Marple suing for damages to her property

in the amount of \$3905. The city council should buy it for \$405, as it has depreciated in value to the tune of \$3500.

Some Forms of Rheumatism Curable. Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headaches, Sciatic Rheumatism and Lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected

part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble, soothes the afflicted parts and draws the pain. "Sloan's Liniment is all medicine." Get a 25c. bottle now. Keep it handy in case of emergency.

An acre of ground in New York recently sold for \$5,500,000. Where were we when the Indians traded it to the white men for a string of beads?

Printing Point Does Not Bob Up and Down

In an L. C. Smith & Bros. Typewriter the point on the paper which is to receive the type impression is stationary at the instant the type hits. The carriage does not bob up and down when the shift is made to write capitals.

Why?

Because the **type** is shifted—not the carriage.

The only movement of the carriage is back and forth on its closely adjusted ball bearing runways—and this does not take place while the print is being made. There is no lifting of the carriage.

This is one reason why L. C. Smith & Bros. typewriting is free from blurs and every letter in the right place.

ELGIN NEWS OF INTEREST

NEW MINISTER CALLED TO ELGIN PULPIT.

Various News Items of Interest from Elgin Section.

(Elgin Recorder.) Henry Wealty, eldest son of Mr. and Mrs. Adolph Wealty, of the Flat was the victim of an accident last Thursday while splitting wood that resulted in a badly lacerated hand, or properly speaking, wrist. The young man was engaged in splitting wood holding the stick with his left hand and wielding the axe with his right. The axe was diverted from its intended course and struck the joint of his right hand between the wrist and hand, completely opening the joint and severing one of the of the carpal bones on the hand. The wound bled with alarming rapidity and Dr. Whiting was called to render surgical assistance, and reports the injured member doing well.

After a lingering illness Retta Campbell passed away Friday, April 30, 1915, at the home of her aunt, Mrs. J. C. Larkins. Deceased was born in Nebraska. The daughter of Mr. and Mrs. Baltzore. About a month ago she came from her home in South Dakota to Oregon in hopes of regaining her health, but was too far gone to receive much benefit from the change in climate. Deceased was 23 years old at the time of her death. The funeral services were conducted Saturday by Rev. H. L. Willis in the Baptist church and the remains were laid to rest in the City Cemetery.

New Minister Called. At the morning services last Sunday morning the congregation unanimously called Rev. Oliver Curtis, of Eugene, Oregon, to be their minister, taking up the work when Rev. Gilstrap leaves some time near the first of June.

Mr. Curtis is a young married man and both he and his wife come well recommended. He has just finished his education at Eugene. The Christian church is to be congratulated on securing a good man at once, as there will be no break in the work.

Work Progressing Rapidly. The work of removing the debris as a result of the collapsing of the oven at the Elgin bakery has been completed and a crew of workmen is now engaged in building the concrete foundation and walls for the new addition and oven. The improvement when completed will be absolutely modern and it is expected to have the work completed within a very few weeks.

The city council met in regular session last evening in the council chamber of the City Hall and wrestled with municipal problems until 11:00 o'clock. Those present were Mayor Weiss and Councilmen J. C. Hug, Weatherpoon, Henderson and Dudley. Recorder Crum and Marshal Thomas were also in attendance.

Place Ban on Dogs. While the council was in session, City Marshal Thomas was called to kill a dog supposed to be afflicted with rabies, and upon his return and report the council immediately ordered the officer to see that all dogs within the corporate limits be either muzzled or confined. The order goes into effect immediately and will be strictly enforced. While the city has no jurisdiction in the matter as regards the country, no dogs from the country will be allowed to run at large in the city unless they are muzzled, and those living in the country are requested to take notice of this fact.

Hindman Elected Councilman. J. L. Hindman was elected councilman to fill the vacancy caused by the resignation of G. L. Garrett. When that order of business was called, J. W. Bickford and Hindman were nominated, but before a ballot was taken the name of Bickford was withdrawn by Councilman Dudley, who made the nomination, and the election of Hindman was made unanimous.

Other Proceedings. The street committee was instructed to order 2000 feet of cross walk lumber to make needed repairs. The matter of installing a number of concrete cross walks was also discussed and will be considered later. The street committee was also instructed to provide the Marshal with notices to owners of defective walks to make necessary repairs at once. The usual grist of bills was gone over and the various claims allowed. Dr. E. G. Kirby was elected health officer for the ensuing year. The city park ground was leased to George Chandler for the season, he paying \$22.00 therefor.
