## THE NINETY-MILE-AN-HOUR FACE.

THIS PICTURE SHOWS HOW AN AUTOMOBILE RACE DRIVER LOOKS WHEN TRAVELING 90 MILES AN HOUR. IT IS THE FIRST OF ITS KIND EVER MADE. THE FACE IS THAT OF EDDIE RICKBACHER, SPEED DEMON. C. LATTA, A MECHANICIAN, WAS STRAPPED TO THE HOOD OF THE MACHINE, AS INDICATED IN THE SKETCH BELOW, TO TAKE THE SNAPSHOT WHEN GOING AT THIS TERRIFIC SPEED.

Ray previously won the open championship in 1896 and 1897. There is little doubt that Ray and Vardon are the premier golfers of the world. But that does not necessarily mean they will carry off the honors this season. Harry Vardon won the American open championship in 1900 and tied it in 1913 with Francis Ouimet and Ray, but lost it on relay. And all true sports wish the invading English golfers all kinds of good luck, except that supreme streak of open championship.

Meji may survive, being hardy and with plenty of blood to spare, but at precarious. The scrap occurred Thursday evening in the presence of about one hundred Japs all of which acted as referees and forgot to call time until Meji was entirely vanquished.

### Stanfield Strawberries At Pendleton This Week

The first crate of Umatilla county strawberries to be offered in the local market reached the Peoples Warehouse grocery department last evening from Stanfield. They were grown by Rev. J. E. Faucett and are extra fine. Under the present warm sunshine the berries will be ripening rapidly now.—East Oregonian.

### Good Grass

The editor of the Scout took a trip to the foot-hills Sunday. Never before at this time of the year has the grass shown up so good as this season of the year. The snow is pretty well gone but the water is not low. Cattle are turned on the range and are fattening in the foothills. Crops are also looking good and many new homes dot the foothills and lower grounds. The land is about all taken by actual settlers who are fixing up small stock ranches and dairy farms.—Union Scout.

### Tells Drivers How to Behave

Baker, May 10.—Chief of Police Jackson was busy yesterday telling automobile drivers how to behave. Too many have been negligent and careless of late and as a result there have been some slight accidents and narrow escapes from more serious ones. Many drivers have become lax in observing the regulations in regard to turning on street intersections only while others have failed to make wide turns to the center of the corner at street intersections, while some have flagrantly violated the rules as to keeping to the right and not stopping their cars with the right hand side to the curb and leaving the engine running.

Now is the time to make arrangements for the June wedding. Do your spring courting early.

## BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

## IMBLER GAME HERE SUNDAY

### BARRING RAIN, OLD FOES WILL CLASH.

Oregon Athletes Return via La Grande—Meet Seems a Go.

Prolonged rain seems due to interfere with the Shop team and the Imbler game next Sunday. These two teams played a ten-inning match here at the opening of the season and Imbler is anxious to avenge the defeat suffered at that time. The Shop team has plugged up several holes, and Captain Shelton claims to have a team fully equal to defeat any ordinary club at the present time. If the weather clears the teams will play here Sunday.

Bill Hayward and his Oregon athletes and "Doc" Stewart and his O. A. C. athletes who participated in the San Francisco meet Saturday, have returned home via La Grande.

There is now little danger of postponing the Eugene interscholastic and Glen Conkey and Pete Larson leave tonight on the fast mail to participate in the sprints and the pole vault respectively. Coach Reynolds may yet accompany them, though it is not likely.

La Grande's first team goes to Elgin next Sunday and Baker comes to Union in the Eastern Oregon league.

Baker, May 13.—Wallace Landreth and Oliver Francis, high school athletes, left last evening for Eugene to represent Baker high in the state high school track meet Saturday at the State university. Landreth was chosen by Coach Hayward of Oregon, and will have his expenses paid, but Francis will have to pay his own way. Landreth broke the 440 yard run record at the Eastern Oregon meet at La Grande last Saturday, while Francis was the individual star at the local high school meeting. Local students feel that in the selection of high school athletes to make the Eugene trip, Baker high has not been fairly treated.

Principal J. F. Elton accompanied the boys.

### BY HAL SHERIDAN

(Written for the United Press)  
New York, May 10.—Where ever golf is played throughout the United States the names of Ray and Vardon are now on the lips of followers of the sport. For these two great English players, who are soon to compete against the American players, are admired by all golfers in this country, both professionals and amateurs.

This is natural, for all followers of the little white ball, both those who play it and those who play at it, like to talk of the performances of the champions of the game. This is human nature, for to the average sportsman the champion of his particular sport is a god. What hush league player does not admire, and envy a little, too, Matty and Walter Johnson? Where is there a local tennis player who does not speak with awe of the game Williams and McLoughlin play? It is only human to admire and attempt to duplicate, perfection.

And in golf, Vardon and Ray are perfection. Born on the Island of Jersey seven years apart they have practically played golf since they first stepped out of the cradle. Vardon was born in 1870 and Ray in 1871. As boys they devised home made, and homely, sticks but they served their purpose. Ray's first club was fashioned by his father. Vardon cut his from a stick out of the hedge, which made a natural driver. But it was not until they both had become professionals did they meet. Ray worked as a caddy for a number of years, his first position as a professional being at St. Mico. Then he played at Guerusey, at Jersey, at Winchester and finally at Sandwich, where he won his first championship in 1899. This was his first appearance in an open championship. His partner at Sandwich was Harry Vardon, who

#### Baker Sixth Graders Have Correspondence Department

Baker May 10.—Even before the school children all over the city were writing their hundreds of letters to eastern friends and acquaintances, members of the sixth grade in the Central building were conducting a letter writing campaign to other sixth grades in cities all over the United States. Within the last week answers have been coming in and pupils in schools from California to Louisiana, and from Georgia to New York have given the local school children first hand knowledge of the cities in which they live.

Superintendent Strange estimates that thousands of pupils throughout the country have become acquainted with Baker. For the most part the writing shown in the answers differs with comparison with the penmanship of the Baker sixth graders.

#### Small But Scrappy

Stanfield, May 10.—"Cum baw bep pin sau" said Fujikamno. "Arra gotta gaz ye mus" said Mejosana, and then the fight began. At least this is how it sounded to spectators in the Jap railroad camp here, and this is all the information that can be secured, except that Juji used a butcher knife and carved most of the loose flesh off Meji's!

## GUESS IF THEY ARE MARRIED

COME IN NORMAN—TAKE THAT LITTLE STOOD OVER THERE.

HAVE A COOKIE NORMAN.

I'M SORRY I ATE THAT COOKIE 'CAUSE IF I HADN'T A EATEN IT, I WOULD STILL HAVE IT TO EAT.

HAVE ANOTHER ONE NORMAN—HAVE ANOTHER.

WHAT'S YOUR HURRY? DIDN'T YOU HAVE COOKIES ENOUGH?

WE CLEANED THE PLATE.

YESSUM, I HAD ENOUGH, BUT THERE'S NO FUN IN JUST HAVIN' ENOUGH.

GUESS I'LL GO HOME NOW.
